**MOTION NO 37/12**

Moved by Councillor M. Fleury  
Seconded by Councillor C. McKenney

**WHEREAS acknowledging that the Ottawa Ward Boundaries have remained essentially the same since the Ward Boundary Review in 2005 created 23 wards; and**

**WHEREAS on June 14, 2019, the city reached a population of one million residents, representing a considerable growth since 2001 according to census data; and**

**WHEREAS population is only one of several factors to be considered in the shifting of these ward boundaries. The impact of volume of work also has a significant impact on representation; and**

**WHEREAS the boundaries have not been comprehensively reviewed in 15 years; and**

**WHEREAS we need to strive for more equal representation throughout the city; and**

**WHEREAS the Ottawa Ward Boundary Review 2020 overall's goal is to achieve effective representation which includes voter parity, natural/physical boundaries, geographic communities of interest, minority interests, ward history**

and capacity to represent, geographic size and shape of a ward and population growth; and

WHEREAS voters do not always live, work, and consume products and services in the ward in which they reside; and

WHEREAS residents contact City Councilors where the issue arises and is not necessarily based on the Ward of their residency; and

WHEREAS transient populations can create larger caseloads for Wards where the workforce and or Business districts are located; and

WHEREAS this review aims for balance to achieve effective representation;

THEREFORE BE IT RESOLVED THAT the consultants add an additional component to evaluate how the locations of businesses and employment areas impact a Councillor's workload beyond Ward residency, and that within this additional component, consultants review yearly Service Ottawa call logs to more accurately assess a Councillor's workload, therefore ability to represent; and

THEREFORE BE IT FURTHER RESOLVED THAT the consultants be required to look at other municipalities and cities similar data sets for the ability to properly include business owners, and workforce populations in this Review.

**WHEREAS as the regulator for private cannabis retail in Ontario, the Alcohol and Gaming Commission of Ontario (AGCO) has the authority to license, regulate and enforce the sale of recreational cannabis in privately run stores in Ontario; and**

**WHEREAS on December 13th, 2018, Council agreed to "opt-in" to the Provincial direction to allow Cannabis Retail to occur in the City of Ottawa, subject to a process whereby staff review the locations under consideration and provide comments back to AGCO on "key Principle" matters Council considers to be in the public interest; and**

**WHEREAS Council considers a matter of public interest to include a 150 metre distance separation from other Licensed Cannabis Stores, as the Board of Health**

has noted concerns that excessive clustering and geographic concentration of cannabis retail outlets may encourage undesirable health outcomes, and Economic Development and Planning are concerned that over-concentration may cause undesirable impacts on the economic diversity of a retail streetscape including the distortion of lease rates, economic speculation, and the removal of opportunity for other commercial businesses; and

WHEREAS the city has received concerns from local Business Improvement Associations about impacts of over concentration of cannabis retail on the diversity of businesses locating in key retail areas and impacts on leasing rates; and

WHEREAS the AGCO has not, in the consideration of applications processed and approved to date, considered the key principles articulated by Council, including the concerns over the clustering of cannabis retail, as meeting their criteria as a matter of public interest; and

WHEREAS cannabis retail is a new and unproven market, and no studies or precedent exists to determine the number or distribution of stores that can reasonably be supported by the local economy, and it is therefore prudent to establish the means by which the AGCO, with input from a municipality, can regulate over-concentration as the cannabis retail market evolves;

THEREFORE BE IT RESOLVED that Council direct the Mayor, on behalf of City Council, to write the Honourable Rod Phillips, Minister of Finance of Ontario, and the Honourable Doug Downey, Attorney General of Ontario, requesting the Ministry modify the regulations governing the establishment of cannabis retail stores to instruct the Alcohol and Gaming Commission to consider over-concentration (such as a separation distance of 150 metres) as an evaluation criteria, and provide added weight to the comments of a municipality concerning matters in the public interest when considering the application of new stores.

**WHEREAS** our city, province and nation are currently dealing with continued instances of anti-Black racism and systemic racism in our society, including in our Police Services; and

**WHEREAS** many in our community have strongly advocated for the Ottawa Police Services budget to be reconsidered and reinvested into community health and interventionist programming; and

Details of the Amendment	16

Schedule A of Amendment XX – Official Plan for the City of Ottawa	

## **PART A – THE PREAMBLE**

PART A – THE PREAMBLE introduces the actual amendment but does not constitute part of Amendment No. XX to the Official Plan for the City of Ottawa.

PART B – THE AMENDMENT constitutes Amendment XX to the Official Plan for the City of Ottawa.

### **Purpose**

The Official Plan Amendment would permit a residential care facility at 7650 Snake Island Road together with the addition of approximately 7.5 hectares of land located immediately south of the existing Osgoode Residential Care Facility.

### **Location**

The subject lands are located on the south side of Snake Island Road, west of Scrivens Drive (7732 Snake Island Road).

### **Basis**

The lands are currently designated Agricultural Resource Area and zoned AG-Agricultural. The intent of the Agricultural Resource Area policies is to protect prime agricultural areas in the long term. As such, the policies limit lot creation and conflicting non-agricultural uses from occurring within areas of prime agriculture.

### **Background**

At the request of Council, staff were directed to look at the possibility in permitting an expansion to the Osgoode Care Centre at 7650 Snake Island Road. Constructed in the early eighties the Osgoode Care Centre provides much needed long-term care for seniors and adults in the Osgoode community. There is an apparent need to expand the complex to serve the community today and in the future.

### **Rationale**

The policies in the Official Plan for Agricultural Areas seek to ensure that uses, which could result in conflicts with agricultural resource operations, are not established in productive farming areas. Agricultural uses within proximity of the site are variety of cash cropping and arable land.

The proposed expansion of the residential care facility site can meet the minimum distance separation from adjacent agricultural uses.

The proposed site is located a few kilometres outside the Village of Metcalfe. Although more appropriately located in Villages we recognize not only its proximity to a village but the ability to function more efficiently in concert with the already existing care facility on the neighbouring lands.

Policy matters as set-out in the Official Plan and Provincial Policy Statement for the most part have been addressed. For matters not consistent or in conformity, this OPA and ZBLA seek to amend the necessary policies to permit a new use in the Agricultural designation to accommodate the expansion of the existing residential care facility.

The intent of these amendments is not remove lands from the agriculture designation, but simply to add a use. Additionally, a 7.5-hectare severance of this site off the main property is being contemplated and the site must proceed through site plan control approval process.

## **PART B – THE AMENDMENT**

### **1. Introduction**

All of this part of this document entitled Part B – The Amendment consisting of the following text constitutes Amendment No. XX to the Official Plan for the City of Ottawa.

### **2. Details**

The Official Plan for the City of Ottawa is hereby amended by adding a new policy under the heading “Site Specific Policies” to Section 3.7.3 containing the following:

Notwithstanding the policies above regarding permitted uses and new lot creation in the Agriculture Resource Area:

- a) residential care facility will be permitted at 7732 Snake Island Road provided it is located immediately south of the existing Osgoode Residential Care facility, and the severance of a 7.5-hectare lot at 7732 Snake Island for this use will also be permitted.
- b) parcels created as a result of the severance, a lot east of 7650 Snake Island Road with a lot area of approximately 10 hectares and a lot west of 7590

ANNEX A - Revised Documents 2, 3 and 4 of Official Plan and Zoning By-law Amendment –  
Part of 7732 Snake Island Road (per MOTION NO 37/5)

Snake Island Road with an approximate lot area of 23.5 hectares will be permitted.

3. Implementation and Interpretation

Implementation and interpretation of this Amendment shall be in accordance with the policies of the Official Plan for the City of Ottawa.
