

DECISION CONSENT

Section 53 of the *Planning Act*

Date of Decision	January 20, 2023
File No(s):	D08-01-22/B-00253 & D08-01-22/B-00254
Owner(s):	Oliver and Michelle Sage & Eva Schmitz
Location:	4357 Louis-Forget Road
Ward:	20 – Osgoode
Legal Description:	Part lot 42, Concession 3, Geographic Township of Osgoode
Zoning:	RU
Zoning By-law:	2008-250
Hearing Date:	January 11, 2023

PURPOSE OF THE APPLICATIONS

- [1] The Owners want to subdivide their property into three separate parcels of land to create two new lots for future residential development.

CONSENT IS REQUIRED FOR THE FOLLOWING

- [2] The Owners require the Consent of the Committee for a Conveyance, a Partial Discharge of Mortgage/Charge and a Mortgage/Charge. The property is shown on a sketch filed with the application and the separate parcels will be as follows:

File No.	Frontage	Depth	Area	Part Nos.	Municipal Address
B-00253	54 m	150 m	0.8 0.81 ha.	1 (west North)	4352 4325 Louis-Forget Path Road (future residential)

B-00254	54 m	150 m	0.8 0.81 ha.	2 (east South)	4393 Louis- Forget Path Road (future residential)
---------	------	-------	-----------------------------------	---------------------------	---

- [3] The retained land shown on said sketch, will have a frontage of 393.82 metres and will contain a lot area of 38.49 hectares. This lot contains an existing detached dwelling and two accessory structures and is municipally known as 4357 Louis-Forget ~~Path~~ **Road**.
- [4] The applications indicate that the retained parcel is subject to a Hydro easement as in OS16579.

PUBLIC HEARING

- [5] The Panel Chair administered an oath to Oliver Sage, one of the Owners of the property, who confirmed that the statutory notice posting requirements were satisfied. Mr. Sage confirmed that the applications should be amended as follows:

File No.	Frontage	Depth	Area	Part Nos.	Municipal Address
B-00253	54 m	150 m	0.8 0.81 ha.	1 (west North)	4352 4325 Louis- Forget Path Road (future residential)
B-00254	54 m	150 m	0.8 0.81 ha.	2 (east South)	4393 Louis- Forget Path Road (future residential)

- [6] With all parties in agreement, the applications were amended accordingly.
- [7] The Committee heard from James Holland of the South Nation Conservation Authority who stated their concerns that identifying environmental constraints on the property had not been addressed because they did not receive an Environmental Impact Statement (EIS).
- [8] City Planner Jack Graham reported that the City did receive an EIS and that the City's environmental planner had reviewed it and was satisfied with the document.

DECISION AND REASONS OF THE COMMITTEE: APPLICATIONS GRANTED

- [9] The Committee considered all written and oral submissions relating to the applications in making its Decision.
- [10] Under the *Planning Act*, the Committee has the power to grant a consent if it is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Also, the Committee must be satisfied that an application is consistent with the Provincial Policy Statement and has regard for matters of provincial interest under section 2 of the Act, as well as the following criteria set out in subsection 51(24):

[11] **Criteria**

(24) In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility for persons with disabilities and welfare of the present and future inhabitants of the municipality and to,

- (a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;
- (b) whether the proposed subdivision is premature or in the public interest;
- (c) whether the plan conforms to the official plan and adjacent plans of subdivision, if any;
- (d) the suitability of the land for the purposes for which it is to be subdivided;
 - (d.1) if any affordable housing units are being proposed, the suitability of the proposed units for affordable housing;
- (e) the number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;
- (f) the dimensions and shapes of the proposed lots;
- (g) the restrictions or proposed restrictions, if any, on the land proposed to be subdivided or the buildings and structures proposed to be erected on it and the restrictions, if any, on adjoining land;
- (h) conservation of natural resources and flood control;
- (i) the adequacy of utilities and municipal services;
- (j) the adequacy of school sites;

(k) the area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;

(l) the extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy; and

(m) the interrelationship between the design of the proposed plan of subdivision and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41 (2) of this Act or subsection 114 (2) of the *City of Toronto Act, 2006*. 1994, c. 23, s. 30; 2001, c. 32, s. 31 (2); 2006, c. 23, s. 22 (3, 4); 2016, c. 25, Sched. 4, s. 8 (2).

[12] The Committee notes that the City's Planning Report raises "no concerns" regarding the applications.

[13] Based on the evidence, the Committee is satisfied that the proposal is consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions. The Committee is also satisfied that the proposal has adequate regard to matters of provincial interest, including the orderly development of safe and healthy communities; the appropriate location of growth and development; and the protection of public health and safety. Additionally, the Committee is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Moreover, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.

[14] THE COMMITTEE OF ADJUSTMENT therefore grants the provisional consent, subject to the following conditions, **which must be fulfilled within a two-year period from the date of this Decision**:

1. That the Owner enter into an Agreement with the City, at the expense of the Owner(s) and to the satisfaction of **Development Review Manager of the Relevant Branch within Planning, Real Estate and Economic Development Department, or his/her designate**, which provides the following covenant/notice that runs with the land and binds future Owner(s) on subsequent transfers:

"The City of Ottawa does not guarantee the quality or quantity of the groundwater. If, at some future date, the quality or the quantity of the groundwater becomes deficient, the City of Ottawa bears no responsibility, financial or otherwise, to provide solutions to the deficiency, such solutions being the sole responsibility of the homeowner."

The Committee requires a copy of the Agreement and written confirmation from City Legal Services that it has been registered on title.

2. That the Owner enter into an Agreement with the City, at the expense of the Owner(s) and to the satisfaction of **Development Review Manager of the Relevant Branch within Planning, Real Estate and Economic Development Department, or his/her designate**, which provides the following covenant/notice that runs with the land and binds future Owner(s) on subsequent transfers:

“The City of Ottawa has identified that there are potential organic soils, sensitive marine clays, thin soils and possible bedrock outcrops within the area that may require site specific detailed geotechnical engineering solutions to allow for development, the City of Ottawa bears no responsibility, financial or otherwise, to provide solutions to the deficiency, such solutions being the sole responsibility of the homeowner.”

The Committee requires a copy of the Agreement and written confirmation from City Legal Services that it has been registered on title

3. That the Owner(s) convey, if required, at no charge to the City of Ottawa, sufficient frontage across the severed and retained lands to provide for a road right-of-way measuring 13 meters from the centreline of Louis-Forget Road. The Owner(s) must provide to the City Surveyor a copy of the Committee of Adjustment Decision and a draft Reference Plan that sets out the required widening. The Committee requires written confirmation from City Legal Services that the transfer of the widening to the City has been registered.

If the Owner’s Surveyor determines that the widening condition has already been satisfied, it must be indicated on the Draft Reference Plan and submitted to the City Surveyor for approval. The Committee requires written confirmation from the City Surveyor confirming that the widening is not required.

If the Owner(s) wish to temporarily retain the existing fence within the widening lands until the City develops the widening lands, the Owner(s) shall enter into (and register, if necessary) an encroachment agreement and/or letter of tolerance to the satisfaction of the **Development Review Manager of the Relevant Branch within Planning, Real Estate and Economic Development Department, or his/her designate**. The Committee requires written confirmation from City Legal Services confirming either that a letter of tolerance/encroachment agreement has been executed (and registered if necessary) or will not be required.

4. That the Owners provide a report, to the satisfaction of the City of Ottawa, demonstrating the adequacy of the aquifer with respect to quality and quantity to support the proposed development, failing which the Owners construct a new well on the severed lot and provide a report, to the satisfaction of the City of Ottawa, to demonstrate the adequacy of the aquifer with respect to quality and quantity to support the proposed development. The report must include a septic

impact assessment to evaluate the water quality impact of the on-site septic system on the receiving aquifer.

The Owners' report must demonstrate the following to the City of Ottawa:

- a. That the construction of any new well on the severed parcel is in accordance with the Ministry of the Environment, Conservation and Parks;
- b. That the quality of the water meets the Ministry of the Environment, Conservation and Parks Regulations, Standards, Guidelines and Objectives;
- c. That the quantity of water meets all the Ministry of the Environment, Conservation and Parks requirements;
- d. That the septic impact assessment meets the Ministry of the Environment, Conservation and Parks requirements.

A qualified Professional Engineer or Professional Geoscientist must prepare the report. It is the Owner's responsibility to coordinate the person drilling a new well, if required, and the professional noted herein in order to properly satisfy this condition.

If the accepted report recommends specific mitigation measures or design requirements, the Owners shall enter into a Development Agreement with the City, at the expense of the Owners, which is to be registered on the title of the property, which includes those recommendations. In instances where the subject site has hydrogeologically sensitive soils, the drilling of a well or the conveyance of a 30-centimetre reserve may be required. Both the report and any required Development Agreement shall be prepared to the satisfaction of **Development Review Manager of the Relevant Branch within Planning, Real Estate and Economic Development Department, or his/her designate**.

The Report shall be prepared as per Procedure D-5-4 "Technical Guideline for Individual On-Site Sewage Systems: Water Quality Impact Risk Assessment" and Procedure D-5-5 "Technical Guideline for Private Wells: Water Supply Assessment".

5. That the Owner(s) provide evidence (payment receipt) to the Committee that payment has been made to the City of Ottawa of cash-in-lieu of the conveyance of land for park or other public recreational purposes, plus applicable appraisal costs. The value of the land otherwise required to be conveyed shall be determined by the City of Ottawa in accordance with the provisions of By-Law No. 2009-95, as amended. Information regarding the appraisal process can be obtained by contacting the Planner.
6. That the Owner enter into an Agreement with the City, to the satisfaction of **Development Review Manager of the relevant Branch within Planning, Real**

Estate and Economic Development Department, or his/her designate, to be placed on title that includes the report recommendations and/or mitigation measures of the approved Environmental Impact Study prepared by Muncaster Environmental Planning Inc. dated November 11, 2022.

7. That the Owner(s) file with the Committee a copy of the registered Reference Plan prepared by an Ontario Land Surveyor registered in the Province of Ontario, and signed by the Registrar, **confirming the frontage and area of the severed land. If the Registered Plan does not indicate the lot area, a letter from the Surveyor confirming the area is required.** The Registered Reference Plan must conform substantially to the Draft Reference Plan filed with the Application for Consent.
8. That upon completion of the above conditions, and **within the two-year period outlined above**, the Owner(s) file with the Committee, the “electronic registration in preparation documents” for a Conveyance for which the Consent is required.

I certify this is a true copy of the Decision of the Committee of Adjustment of the City of Ottawa, dated **January 20, 2023**.

Michel Bellemare
Secretary-Treasurer

NOTICE OF RIGHT TO APPEAL

To appeal this decision to the Ontario Land Tribunal (OLT), a completed appeal form along with payment must be received by the Secretary-Treasurer of the Committee of Adjustment by **February 9, 2023**, delivered by email at cofa@ottawa.ca and/or by mail or courier to the following address:

Secretary-Treasurer, Committee of Adjustment,
101 Centrepointe Drive, 4th floor, Ottawa, Ontario, K2G 5K7

The Appeal Form is available on the OLT website at <https://olt.gov.on.ca/>. The Ontario Land Tribunal has established a filing fee of \$400.00 per type of application with an additional filing fee of \$25.00 for each secondary application. Payment can be made by certified cheque or money order made payable to the Ontario Minister of Finance, or by credit card. Please indicate on the Appeal Form if you wish to pay by credit card. If you have any questions about the appeal process, please contact the Committee of Adjustment office by calling 613-580-2436 or by email at cofa@ottawa.ca.

Only the applicant, the Minister or a specified person or public body that has an interest in the matter may appeal the decision to the Ontario Land Tribunal. A “specified person” does not include an individual or a community association.

There are no provisions for the Committee of Adjustment or the Ontario Land Tribunal to extend the statutory deadline to file an appeal. If the deadline is not met, the OLT does not have the authority to hold a hearing to consider your appeal.

If a major change to condition(s) is requested, you will be entitled to receive Notice of the changes only if you have made a written request to be notified.

NOTICE TO APPLICANT(S)

All technical studies must be submitted to Planning, Real Estate and Economic Development Department a minimum of **40 working days** prior to lapsing date of the consent. Should a Development Agreement be required, such request should be initiated **15 working days** prior to lapsing date of the consent and should include all required documentation including the approved technical studies.
