Planning, Real Estate and Economic Development Department

2023 Service Area Summary - Right of Way, Heritage and Urban Design Services

Right of Way, Heritage and Urban Design Services is part of the Planning, Real Estate and Economic Development (PRED) Department, a department that champions the city-building priorities from planning and managing development opportunities and transportation infrastructure, to managing City real estate for population growth and economic prosperity.

Right of Way, Heritage and Urban Design Services is responsible for building a vibrant and safe public realm to protect and enhance Ottawa's legacy.

Programs/Services Offered

Inspections

Provides direct inspection and coordination for:

- Project Managers, Consultants, Contractors, and other City departments through all phases of the delivery of City capital projects
- The construction of municipal infrastructure related to private development
- Road cut reinstatements

Right of Way

- Manages the Municipal Consent and permitting process for utility works being undertaken within the road right of way, including the utility circulation process
- Administers the approval and issuance of permits governing the right of way, such as road cut permits, over dimensional vehicles and temporary encroachments

Public Realm and Urban Design

Oversees programs related to:

- Above-ground public realm regulation (such as the right of way patio program, private approaches program and signs in the right of way)
- Public realm master plans and public realm beautification
- The provision of urban design review including input to the development review and planning policy processes, the preparation of urban design guidelines and studies, and the administration of the City of Ottawa Urban Design Review Panel

Heritage Planning

- Manages all heritage applications and permits as required under the Ontario Heritage Act
- Provides input to relevant development review applications
- Prepares heritage conservation district plans and studies related to heritage
- Delivers and manages the heritage designation process
- Oversees the heritage grant and Heritage Community Improvement Plan programs

Surveys and Mapping

- Provides land information expertise, vital geographic data, and related services to support the City of Ottawa's internal operations, and external client needs
- Services include procuring, maintaining, and distributing essential geographic data using specialized applications

Geospatial Analytics, Technology and Solutions

- Promotes understanding and collaboration using advanced geospatial (GIS) and data science tools and technology
- Provides expert services and solutions in visualization, data, analytics and applications to support city building and emergency operations
- Maintains and provides critical spatial information such as water and wastewater network, zoning, composite utility drawings and oversees the Geoinformation Centre on geoOttawa (drawings and reports)

Planning, Real Estate and Economic Development Department

2023 Service Area Summary - Planning Services

Planning Services is part of the Planning, Real Estate and Economic Development (PRED) Department, a department that champions the city-building priorities from planning and managing development opportunities and transportation infrastructure, to managing City real estate for population growth and economic prosperity. Planning Services reports primarily through Planning Committee and includes Development Review – Rural (reports through the Agricultural and Rural Affairs Committee).

Planning Services plays a very important role for the City of Ottawa. By managing the evolution of the city, we are helping to enhance the quality of life so that people can live, prosper and connect in neighbourhoods, buildings and spaces that are vibrant, well designed, safely built and sustainable.

Programs/Services Offered

- Provide multi-disciplinary review, coordination of review by internal stakeholders, and approval of development applications on a geographic basis (including planning, engineering, urban design, parks associated with development, environment and trees, transportation and heritage considerations)
- Online development applications search tool providing information on current development applications
- Administer the Brownfields Redevelopment Program
- Compliance and zoning reports
- Provide technical support to the planning application process, including circulation, notification and legislative support, and consolidation of legislative instruments

Planning, Real Estate and Economic Development Department

2023 Service Area Summary - Building Code Services

Building Code Services (BCS) is part of the Planning, Real Estate and Economic Development (PRED) Department, a department that champions the city-building priorities from planning and managing development opportunities and transportation infrastructure, to managing City real estate for population growth and economic prosperity.

BCS is the regulatory authority for building construction for the City and enforces the Ontario Building Code (OBC) to protect the public. The OBC establishes uniform minimum standards for health, life safety, fire protection, accessibility, energy efficiency and structural sufficiency that must be included in the design and construction of a building.

Building Code Services

- Reviews construction plans for all new/renovated buildings, assigns municipal addresses, issues building and demolition permits, and inspects building construction to ensure compliance with permit plans, OBC and applicable laws.
- Coordinates prosecution of non-compliant construction and manages investigations in response to legal claims; and
- Assists property owners, builders, architects, designers and engineers by providing direction in the application and interpretation of the Building Code Act, the OBC, and applicable laws (e.g. Zoning By-law, Nutrient Management Act, etc.) to ensure construction meets the safety and performance standards.

In accordance with the Building Code Act, building permit fees are set to only recover the costs associated with servicing building permits and enforcing the Act and Code. A Building Code Reserve Fund has been established in order to safeguard the City's ability to continue to enforce the Act and Code and avert passing on the associated costs to general taxation.

Programs/Services Offered

- Provide frontline development information to clients
- Provide OBC expert advice to the industry and all stakeholders
- Review construction plans for all new/renovated buildings
- Calculate and collect building permit and related charges including development charges
- Issue building and demolition permits
- Conduct inspections of building construction, renovations and unsafe buildings
- Issue orders, prosecute non-compliant construction and manage legal claims
- Ensure buildings formerly used for Marijuana Grow Operations are remediated
- Municipal addressing – policy direction, naming, assignment of civic numbers
- Access to building permit records
- Process Agency letters of Approval (liquor licence, day cares, all care facilities, etc.)

Planning, Real Estate and Economic Development 2023 Service Area Summary - Long-Range Planning

Economic Development and Long-Range Planning is part of the Planning, Real Estate and Economic Development (PRED) Department, a department that champions the city-building priorities from planning and managing development opportunities and transportation infrastructure, to managing City real estate for population growth and economic prosperity.

Official Plan Review: preparing the City's Official Plan, appeals to policy documents, and long-term urban planning strategy and policy.

Community Planning: neighbourhood planning, including Community Design Plans, Secondary Plans, Transit-Oriented Development Plans, and Neighbourhood Revitalization Plans.

Zoning & Interpretation: oversight, maintenance and updating of the Zoning by-law, by-law preparation, and city-wide and area-specific land use studies.

Research and Forecasting: the centre of expertise for population, employment, housing, land use, development of travel demand input data; implementing recommendations from the 15-minute Neighbourhood baseline study; and, for monitoring of the Official Plan and economic indicators to inform the development of economic and planning policy within the City.

Community and Social Services Department

2023 Service Area Summary - Affordable Housing

The Affordable Housing Branch, located within the Housing Services Service Area of the Community and Social Services Department (CSSD), consists of staff with planning and policy backgrounds who develop affordable housing policy and oversee the delivery of capital programs and funding for new affordable and supportive housing. The Affordable Housing Branch works with the private, not-for-profit, and charitable sectors on the development of new affordable and supportive housing for low-income individuals and families in Ottawa to advance the objectives of the City's 10 Year Housing and Homelessness Plan. This includes administering federal and provincial programs, municipal investments and leveraging City and community resources to advance Council and community priorities. The Affordable Housing Branch also works with other branches in Housing Services as well as other City departments to develop and implement strategies to move people from homelessness into permanent housing. Many of the projects funded by this branch exceed green building and energy efficiency standards, as well as meeting other socioeconomic and environmental objectives of the City of Ottawa.

Programs/Services Offered

Affordable Housing Development

- Facilitate and administer the development of affordable and supportive housing, with nearly 1,700 units in various stages of development.
- Administration, delivery, and monitoring of new affordable housing programs to create affordable and/or supportive housing for people living on low to moderate incomes.
- Allocate funding to support affordable housing projects at the pre-development stage to establish a pipeline of shovel-ready projects.

Other Housing Programs

- Administration, delivery, and monitoring of the Ontario Renovates and Homeownership programs.

Strategic Initiatives

- Development and implementation of policies and programs that facilitate the creation of new affordable housing (e.g., Community Improvement Plan for Affordable Housing and Inclusionary Zoning).
- Coordinates with other City departments to identify vacant city parcels that are appropriate for development of affordable housing, including lands close to major transit stations.
- Developing and updating policies related to affordable housing on an as-needed basis (e.g., Affordable Housing Land and Funding Policy).

Outreach

- Liaises with upper levels of government, including the Canada Mortgage and Housing Corporation (CMHC) and the Ministry of Municipal Affairs and Housing (MMAH).
- Participates in housing-related workgroups with municipalities across the province and Canada.
- Works with sectors to develop innovative and “made in Ottawa” solutions for affordable housing.
- Provides planning expertise and support within CSSD as well as the community.

Builds climate resiliency?		No		Revenues		0	Debt		
Funding for four new vehicles (EV / Hybrid) to be used by new building inspector positions. The new building inspectors are responsible for work in suburban areas of the City. Fleet vehicles are provided to suburban inspections staff due to mileage, wear and tear, and for identification purposes. Transitioning to zero emission vehicles is a critical piece to reducing greenhouse gas emissions in the transportation sector and supports achieving the targets of the Energy Evolution strategy. Builds climate resiliency?		No	Revenues		0	Debt			
The Development Charges Act requires municipalities to update their growth-related by-laws every five years. In addition, the City must produce a revised background study that provides an estimate of the amount, type, and location of development, including a calculation for each service category contained within the overall development charge rate. After the passage of the various by-laws there are ongoing requirements, such as tracking discretionary exemptions, monitoring collections, forecasting revenues, annual financial reporting, verification of capital project funding, processing refunds, and responding to various information requests.
