REPORT RECOMMENDATION

That the Audit Committee recommend Council approve the Sinking Fund Financial Statements for 2022.

RECOMMANDATION DU RAPPORT

Que le Comité de vérification recommande au Conseil d'approuver les états financiers du fonds d'amortissement de 2022.

BACKGROUND

When a sinking fund or term debenture is issued, an annual levy contribution is required to be made by the City to a sinking fund, which together with interest earnings derived from the investment of these funds, will accumulate to an amount that will be sufficient to pay the debentures principal balance owing at the maturity.

When the sinking fund balance is in excess of the principal amount of the debenture issue at the maturity date, that excess may be transferred to the City of Ottawa (City) general fund in accordance with Section 409 of the *Municipal Act, 2001*.

When the forecasted Sinking Fund balance, factoring in future levy contributions and expected future interest earnings, is anticipated to be in excess of the principal amount of the debenture issue due at maturity, Council may reduce the annual levy contribution in accordance with Section 409 of the *Municipal Act, 2001*.

DISCUSSION

The accounts for the sinking fund have been audited for the year ending December 31, 2022. The value of the Sinking Fund portfolio including cash and accrued interest as of December 31, 2022, was \$265.84 million on an amortized cost basis and the market value of the investment portfolio was \$231.34 million.

The calculated actuarial requirement is \$247.47 million, which is the minimum amount required as at December 31, 2022, to accumulate sufficient funds to meet total sinking fund debentures at maturity. Total outstanding Sinking Fund Commitments of \$2.70 billion mature from 2030 to 2053. \$286 million was added in 2022.

The Audited Financial Statements (Document 1) are attached to this report. The Independent Auditor's Report will be signed by the external auditor after the financial statements receive approval by Council.
