Hi Tim and Brennan,

My apologies for the delay.

I can confirm that the Tree Conservation Report will be required with the site plan application and not the Committee of Adjustment application.

Thanks,
Nancy

Hello Nancy,

We met to discuss a severance at 2059 artistic place last year on May 4th. At the time we had discussed that no tree information report would be required because we are also intending to develop the property through site plan control and it would be preferable to submit a tree conservation report at that time.

The committee of adjustment has requested written confirmation from you that the tree information report can be waived for the severance with the understanding that a tree conservatuion report is to be provided during site plan control.

Please confirm

Thank you,
