**Report Recommendation**

**That the Environment and Climate Change Committee recommend Council approve its Terms of Reference, as outlined in this report and attached as Document 1.**

Responding to a question from Councillor Kavanagh about the possibility of holding joint meetings between Committees on subjects where there might be degrees of overlap in mandate, Chair Menard noted that in addition to the possibility of holding joint meetings, Committee Chairs could discuss options and decide where one Committee could take the lead role.

There being no further discussion, the report recommendation was put before the Committee and was 'CARRIED', as presented.
