Currently property is acting as a hobby / horse farm with a residential home. Application is for a surplus farm dwelling. Property is currently 108 acres ; requesting to sever house off with ~3acres and retain the farmland for agricultural uses. Trans Canada has a right away on the easterly corridor of the property roughly 37m wide. Please note that there are barns located in the middle of the property (part of the retained lands) that will be coming down, however there is an old log structure that will remain without any services for recreational personal purposes.
