APPLICANT'S PROPOSAL AND PURPOSE OF THE APPLICATIONS

- [1] The Owner wants to subdivide its property into two separate parcels, for future residential development. The existing dwelling and detached garage will be demolished.

REQUESTED VARIANCES

- [2] The Owner/Applicant requires the Committee's authorization for minor variances from the Zoning By-law as follows:

A-00316 - 8 Bell Park Street, Part 1:

- a) To permit a reduced lot width of 16.74 meters whereas the By-law requires a minimum lot width of 20 meters.

A-00317 - 8 Bell Park Street, Part 2:

- b) To permit a reduced lot width of 16.74 meters whereas the By-law requires a minimum lot width of 20 meters.

PUBLIC HEARING

Oral Submissions Summary

- [3] Thomas Freeman, Agent for the Applicant, and City Planner, Luke Teeft, were present.
- [4] There were no objections to granting these unopposed applications as part of the Panel's fast-track agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATIONS GRANTED

Application Must Satisfy Statutory Four-Part Test:

- [5] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [6] Evidence considered by the Committee included any oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Application and supporting documents, including a planning rationale, plans, a parcel register, a tree information report, a letter from a solicitor, a photo of the posted sign, and a sign posting declaration.
 - City Planning Report received February 1, 2024, with no concerns.
 - Rideau Valley Conservation Authority email received February 7, 2024, with no objections.
 - Hydro Ottawa email received January 30, 2024, with comments.
 - Ministry of Transportation email received February 7, 2024, with no comments.

Effect of Submissions on Decision

- [7] The Committee considered all written and oral submissions relating to the applications in making its decision and granted the applications.
- [8] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [9] The Committee notes that the City's Planning Report raises "no concerns" regarding the applications, highlighting that "the proposed reduction in lot width is a

minor deviation from the prescribed requirement and is consistent with previous severance applications within the area.”

- [10] The Committee also notes that no evidence was presented that the variances would result in any unacceptable adverse impact on neighbouring properties.
- [11] Considering the circumstances, the Committee finds that because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [12] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [13] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development on the property that is compatible with the surrounding area.
- [14] Moreover, the Committee finds that the requested variances, both individually and cumulatively, are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [15] THE COMMITTEE OF ADJUSTMENT therefore authorizes the requested variances.
