DEPARTMENT COMMENTS

The Planning, Real Estate and Economic Development Department **has some concerns with** the application.

DISCUSSION AND RATIONALE

Section 53 (12) of the *Planning Act*, R.S.O. 1990, c. P.13, as amended, permits the criteria for the subdivision of land listed in Section 51 (24) to be considered when determining whether provisional consent may be granted by a committee of adjustment. With respect to the criteria listed in Section 51 (24), staff have concerns with the proposed consent.

The proposed lot line adjustment does not present any issues in terms of zoning or encroachment into the natural heritage features present to the rear of both parcels. That said, the new lot boundaries could potentially result in difficulty interpreting the boundaries of each parcel in the future due to their irregular configuration.

CONDITIONS

If approved, the Planning, Development and Building Services Department requests that the Committee of Adjustment impose the following conditions on the application:

1. That the Owner(s) shall provide evidence that a grading and drainage plan, prepared by a qualified Civil Engineer licensed in the Province of Ontario, an Ontario Land Surveyor or a Certified Engineering Technologist, has been

submitted to the satisfaction of the **Development Review Manager of the Relevant Branch within Planning, Development and Building Services Department, or their designate** to be confirmed in writing from the Department to the Committee. The grading and drainage plan shall delineate existing and proposed grades for both the severed and retained properties, to the satisfaction of the **Development Review Manager of the Relevant Branch within Planning, Development and Building Services Department, or their designate**.

2. That the Owner(s) provide proof to the satisfaction of the **Development Review Manager of the Relevant Branch within Planning, Development and Building Services Department, or their designate**, to be confirmed in writing from the Department to the Committee, that each existing parcel has its own independent private sewage system, storm/foundation drainage, and well and that they do not cross the proposed severance line. If the systems cross the proposed severance line, are not independent, or do not meet the minimum spacing requirements of the Ontario Building Code and City of Ottawa Hydrogeological and Terrain Analysis Guidelines, the Owner(s) will be required to relocate the existing systems or construct new systems, at his/her own cost.
3. That the Owner file with the Secretary-Treasurer of the Committee of Adjustment the following:
 - a. A copy of the Reference Plan and/or legal description of the severed land and the deed or instrument conveying the severed land to the owner of the abutting property to the _____, known municipally as _____, so that no new lot is being created, in accordance with paragraph (b) below;
 - b. A Certificate of Official attached to the deed/transfer required by paragraph (a) above containing the following endorsement:

“The lands to be severed are for the purpose of a lot addition only to the abutting lands owned by (insert name) described as PIN (insert property identification number) being Part(s) (insert numbers) on Plan (insert plan number), not for the creation of a new lot, and any subsequent transfer, charge or other transaction involving the lands to be severed shall be subject to compliance with Section 50(3) or Section 50(5) of the Planning Act, as applicable. Neither the lands to be severed nor the abutting lands are to be transferred, charged or otherwise re-conveyed in the future without the other parcel unless a further consent is obtained.

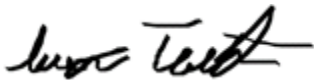

The Owner shall cause the lands to be severed to be consolidated on title with the abutting lands and for this condition to be entered on the parcel register for the consolidated parcel as a restriction”;
 - c. An Undertaking from a solicitor authorized to practice law in the Province of Ontario, and in good standing with the Law Society of Upper Canada, as follows:

“In consideration of, and notwithstanding the issuance of the Certificate under Section 50(12) of the Planning Act in respect to the subject Application for Consent, I undertake on behalf of the Owner, within **30 days** of the registration on title of the transfer document containing the endorsement set out in the Certificate of Official issued by the Committee of Adjustment, to file an Application to Consolidate Parcels including the severed land (Part of PIN insert number) and the abutting land (PIN insert number). This PIN consolidation is intended to reinforce the Planning Act stipulation in the condition outlined above that both parcels have merged on Title and cannot be conveyed separately in the future. I further undertake to forward a copy of the registered Application to Consolidate Parcels and a copy of the Consolidated Parcel abstract page(s) to the Committee office within 21 days of the registration of the Application to Consolidate Parcels”.

- d. Where the parcel consolidation stipulated in paragraph (b) and the solicitor’s Undertaking in paragraph (c) above cannot be reasonably completed because the parcels of land to be merged have different estate qualifiers, an Application to Annex Restrictive Covenant under Section 118 of the *Land Titles Act* must be registered on the Title of both the severed lands and on the abutting parcel that is to be merged. The Covenant, which is to be to the satisfaction of the Secretary-Treasurer of the Committee, shall advise all future purchasers that the parcels must be dealt with together and not separately, and contain wording set out below or similar wording acceptable to the Secretary-Treasurer of the Committee:

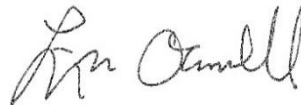

“These lands have been merged and may not be dealt with separately, without applying for a Consent of the Committee of Adjustment”.

In lieu of the Undertaking provided in paragraph (c), a replacement Undertaking by the solicitor must be filed undertaking on behalf of the Owner to register the Restrictive Covenant on both property Titles within 30 days of the registration of the transfer document containing the endorsement of the Certificate of Official issued by the Committee of Adjustment for this application and to file a copy of the registered Restrictive Covenant with the Committee within 21 days of the registration of the document.
