**REPORT RECOMMENDATIONS**

**THAT, the Board of Health for the City of Ottawa Health Unit:**

- 1. Receive Ottawa Public Health's 2023 Annual Report; and**
- 2. Approve that it be forwarded to Ottawa City Council for information, in accordance with the *City of Ottawa Act, 1999*.**

## RECOMMANDATIONS DU RAPPORT

**QUE, le Conseil de santé de la circonscription sanitaire de la ville d'Ottawa :**

- 1. prenne connaissance du Rapport annuel de 2023 de Santé publique Ottawa; et**
- 2. approuve qu'il soit acheminé au Conseil municipal d'Ottawa à des fins d'information, en vertu de la *Loi sur la ville d'Ottawa, 1999*.**

## BACKGROUND

Every year, Ottawa Public Health (OPH) publishes an Annual Report to communicate about its work of promoting and protecting the community's health, thank community partners for their commitment to collaborating for improved health of Ottawa residents and visitors, and meet requirements under the *Ontario Public Health Standards* (OPHS). In addition to its duties and responsibilities under the *Health Protection and Promotion Act* (HPPA), the Board shall, at the request of the City, make an annual report to the City on the Board's operations, pursuant to the *City of Ottawa Act, 1999*, section 12(7). Further, in November 2016, City Council approved a recommendation requiring that annual reports from its local boards must be in writing and include the following: mandate, strategic directions, annual highlights and a financial statement.

OPH's 2023 Annual Report, attached as Document 1 (English version) and Document 2 (French version), fulfils the above-referenced requirements.

## DISCUSSION

The Annual Report highlights some of OPH's key achievements of 2023 in protecting the health of Ottawa's community. The report includes:

- An overview of key 2023 accomplishments relating to OPH's 2023-2027 Strategic Plan;
- Key focus areas for 2023:
  - Equity Driven: Being equity driven means bringing public health services and interventions closer to communities facing the greatest barriers. It means building trust with communities to be a part of the solution in influencing the conditions and environments around them to support the health and wellbeing of all.

- Prevention: Being prevention focused means leveraging available opportunities to shift our work to address root causes of poor health to create the conditions that support a healthy community and individual decisions. This work must be done in collaboration with partners and policy decision makers.
- Impact Maximizing: Being impact maximizing means using OPH resources effectively to create the greatest amount of change. This also means having the right people, skills, and resources to do the work.

The work highlighted in OPH's 2023 Annual Report represents only a sampling of the health unit's efforts to protect the health and well-being of Ottawa's population through prevention, promotion and protection.

OPH's work would not be possible without the efforts of its dedicated employees, volunteers, learners and the continued support of the Board of Health, partners, and the many individuals and organizations that contribute to the goal of a healthier, more equitable city for all.

### ***Distribution of the Report***

OPH will disseminate its 2023 annual report to interest-holders and the public through promoting the release of the report on social media as well as posting the report on its website and distributing it electronically to partners and interest-holders.
