APPLICANT(S)' PROPOSAL AND PURPOSE OF THE APPLICATIONS

- [1] The Owner wants to construct a three-storey, three-unit townhouse dwelling, with two secondary dwelling units to each principal unit. The existing dwelling and shed will be demolished.

CONSENT IS REQUIRED FOR THE FOLLOWING

- [2] The Owner requires the Committee's consent to sever land and to establish an easement/right-of-way.
- [3] The property is shown as Parts 1 to 4 on a Draft 4R-Plan filed with the applications and the separate parcels will be as follows:

File No.	Frontage	Depth	Area	Part No.	Municipal Address
B-00210	5.53 m	25.90 m	143.3 sq. m	1	280 Queen Mary Street
B-00211	4.18 m	25.91 m	108.3 sq. m	2	280 A Queen Mary Street
B-00212	5.53 m	25.91 m	143.3 sq. m	3 & 4	280 B Queen Mary Street

- [4] It is proposed to establish an easement over Part 4, for the benefit of Part 2, for rear yard access.

- [5] The proposed lots and development will not be in conformity with the requirements of the Zoning By-law and therefore, minor variance applications (D08-02-23/A-00202 to D08-02-23/A-00204) have been filed and will be heard concurrently with this these applications.

PUBLIC HEARING

Oral Submissions Summary

- [6] Chris Jalkotzy, Agent for the Applicant, responded to questions from the Committee, highlighting that the proposed soft landscaping exceeds zoning requirements to satisfy the City's expectations for new planting, and that the proposed site design would maximize the availability of on-street parking.
- [7] City Planner Margot Linker stated that the requested variances related to secondary dwelling units would not be required if a Zoning By-law amendment proposed by City staff, developed in response to recent changes to provincial legislation, was currently in force.
- [8] City Forester Hayley Murray stated that the tree planting plan requested as a condition of provisional consent would not impact the site plan and would focus only on landscape design.
- [9] The Committee also heard oral submissions from R. Lapensée, neighbour, who raised concerns regarding the compatibility of the proposal with surrounding development, the increased density, the loss of trees, the consultation undertaken by the Applicant, and parking.
- [10] Following the public hearing, the Committee reserved its decision.

DECISION AND REASONS OF THE COMMITTEE: APPLICATIONS GRANTED

Applications Must Satisfy Statutory Tests

- [11] Under the *Planning Act*, the Committee has the power to grant a consent if it is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Also, the Committee must be satisfied that an application is consistent with the Provincial Policy Statement and has regard for matters of provincial interest under section 2 of the Act, as well as the following criteria set out in subsection 51(24):

Criteria

(24) In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility for persons with disabilities and welfare of the present and future inhabitants of the municipality and to,

- (a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;
- (b) whether the proposed subdivision is premature or in the public interest;
- (c) whether the plan conforms to the official plan and adjacent plans of subdivision, if any;
- (d) the suitability of the land for the purposes for which it is to be subdivided;
 - (d.1) if any affordable housing units are being proposed, the suitability of the proposed units for affordable housing;
- (e) the number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;
- (f) the dimensions and shapes of the proposed lots;
- (g) the restrictions or proposed restrictions, if any, on the land proposed to be subdivided or the buildings and structures proposed to be erected on it and the restrictions, if any, on adjoining land;
- (h) conservation of natural resources and flood control;
- (i) the adequacy of utilities and municipal services;
- (j) the adequacy of school sites;
- (k) the area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;
- (l) the extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy; and
- (m) the interrelationship between the design of the proposed plan of subdivision and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41 (2) of this Act or subsection 114 (2) of the *City of Toronto Act, 2006*. 1994, c. 23, s. 30; 2001, c. 32, s. 31 (2); 2006, c. 23, s. 22 (3, 4); 2016, c. 25, Sched. 4, s. 8 (2).

Effect of Submissions on Decision

[13] The Committee considered all written and oral submissions relating to the applications in making its decision and granted the applications.

[14] The Committee notes that the City's Planning Report raises "no concerns" regarding the applications.

[15] Based on the evidence, the Committee is satisfied that the proposal is consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions. The Committee is also satisfied that the proposal has adequate regard to matters of provincial interest, including the orderly development of safe and healthy communities; the appropriate location of growth and development; and the protection of public health and safety. Additionally, the Committee is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Moreover, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.

[16] THE COMMITTEE OF ADJUSTMENT therefore grants the provisional consent, subject to the following conditions, **which must be fulfilled within a two-year period from the date of this Decision:**

1. That the Owner(s) provide evidence that payment has been made to the City of Ottawa for cash-in-lieu of the conveyance of land for park or other public recreational purposes, plus applicable appraisal costs. The value of

land otherwise required to be conveyed shall be determined by the City of Ottawa in accordance with the provisions of By-Law No. 2022-280, as amended. Information regarding the appraisal process can be obtained by contacting the Planner.

2. The Owner/Applicant(s) shall prepare and submit a tree planting plan, prepared to the satisfaction of the Development Review Manager of the relevant Branch within the Planning, Real Estate and Economic Development Department, or his/her designate, showing the location(s) of the specified number of compensation trees (50mm caliper) required under the Tree Protection By-law, assuming that all proposed tree removals are permitted.
3. That the Owner(s) provide proof to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate, to be confirmed in writing from the Department to the Committee, that the existing dwelling/building has been removed.
4. That the Owner(s) provide a servicing plan or other evidence, to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate, to be confirmed in writing from the Department to the Committee, that each existing building and/or unit on the severed and retained parcels has its own independent water, sanitary and sewer connection, as appropriate, that are directly connected to City infrastructure and do not cross the proposed severance line.
5. That the Owner(s) provide evidence to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate, to be confirmed in writing from the Department to the Committee, that the accessory structure has been demolished in accordance with the demolition permit or relocated in conformity with the Zoning By-law.
6. That the Owner(s) shall provide evidence that a grading and drainage plan, prepared by a qualified Civil Engineer licensed in the Province of Ontario, an Ontario Land Surveyor or a Certified Engineering Technologist, has been submitted to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate to be confirmed in writing from the Department to the Committee. The grading and drainage plan shall delineate existing and proposed grades for both the severed and retained properties, to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate.

7. That the Owner(s) enter into a Development Agreement with the City, at the expense of the Owner(s) and to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate, to require that an asphalt overlay will be installed, at the Owner(s) expense, on Queen Mary Street, fronting the subject lands, over the entire public driving surface area within the limits of the overlay, if the approved Site Servicing Plan shows three or more cuts within the pavement surface. The overlay must be carried out to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate. The Committee requires a copy of the Agreement and written confirmation from City Legal Services that it has been registered on title.

If the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate determines that a Development Agreement requiring an asphalt overlay is no longer necessary, this condition shall be deemed as fulfilled.

8. That the Owner(s) enter into a Joint Use, Maintenance and Common Elements Agreement, at the expense of the Owner(s), setting forth the obligations between the Owner(s) and the proposed future owners.

The Joint Use, Maintenance and Common Elements Agreement shall set forth the joint use and maintenance of all common elements including, but not limited to, the common party walls, common structural elements such as roof, footings, soffits, foundations, common areas, common driveways and common landscaping.

The Owner shall ensure that the Agreement is binding upon all the unit owners and successors in title and shall be to the satisfaction of the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate, and City Legal Services. The Committee requires written confirmation that the Agreement is satisfactory to the Development Review Manager of the Central Branch within Planning, Real Estate and Economic Development Department, or his/her designate, and is satisfactory to City Legal Services, as well as a copy of the Agreement and written confirmation from City Legal Services that it has been registered on title.

9. That the Owner(s) file with the Committee a copy of the registered Reference Plan prepared by an Ontario Land Surveyor registered in the Province of Ontario, and signed by the Registrar, **confirming the frontage and area of the severed land. If the Registered Plan does not indicate the lot area, a letter from the Surveyor confirming the area is required.** The Registered Reference Plan must conform substantially to the Draft Reference Plan filed with the Application for Consent.

10. That upon completion of the above conditions, and **within the two-year period outlined above**, the Owner(s) file with the Committee, the “electronic registration in preparation documents” for the conveyances and easement/ right-of-way for which the consent is required.
