APPLICANT’S PROPOSAL AND PURPOSE OF THE APPLICATION

REQUESTED VARIANCES

- [2] The Applicant requires the Committee’s authorization for minor variances from the Zoning By-law as follows:
- a) To permit an increased building height for a coach house of 6.8 metres, whereas the Zoning By-law permits a maximum building height of 6.1 metres for a coach house.
 - b) To permit an increased building area for a coach house of 45% of the principal dwelling, whereas the Zoning By-law permits a maximum building area of a coach house to be 40% of the principal dwelling.

PUBLIC HEARING

- [3] Malcolm Wildeboer, agent for the Applicant and City Planner, Luke Teeft were present.
- [4] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

Application Must Satisfy Statutory Four-Part Test

- [5] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the Planning Act. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [6] Evidence considered by the Committee included any oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Application and supporting documents, including cover letter, plans, photo of the posted sign, and a sign posting declaration.
 - City Planning Report received July 10, 2024, with no concerns; received July 10, 2024, requesting an adjournment.
 - Rideau Valley Conservation Authority email received July 9, 2024, with no objections.
 - Hydro Ottawa email received July 10, 2024, with no comments.

Effect of Submissions on Decision

- [7] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [8] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [9] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.

- [10] The Committee also notes that no evidence was presented that the variances would result in any unacceptable adverse impact on neighbouring properties.
- [11] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [12] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [13] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [14] Moreover, the Committee finds that the requested variances, both individually and cumulatively, are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [15] THE COMMITTEE OF ADJUSTMENT therefore authorizes the requested variances, subject to the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped January 14, 2024, as they relate to the requested variances.
