DEPARTMENT COMMENTS

The Planning, Development and Building Services Department **has no concerns with** the application.

DISCUSSION AND RATIONALE

Section 53 (12) of the *Planning Act*, R.S.O. 1990, c. P.13, as amended, permits the criteria for the subdivision of land listed in Section 51 (24) to be considered when determining whether provisional consent may be granted by a committee of adjustment. With respect to the criteria listed in Section 51 (24), staff have no concerns with the proposed consent, subject to the following conditions.

CONDITIONS

If approved, the Planning, Development and Building Services Department requests that the Committee of Adjustment impose the following conditions on the application:

1. That the Owner enter into an Agreement with the City, at the expense of the Owner(s) and to the satisfaction of **Development Review All Wards Manager of the Development Review All Wards Branch within Planning, Development and Building Services Department, or their designate**, which provides the following covenant/notice that runs with the land and binds future Owner(s) on subsequent transfers:

“The City of Ottawa does not guarantee the quality or quantity of the groundwater. If, at some future date, the quality or the quantity of the groundwater becomes deficient, the City of Ottawa bears no responsibility, financial or otherwise, to provide solutions to the deficiency, such solutions being the sole responsibility of the homeowner.”

The Committee requires a copy of the Agreement and **written confirmation from City Legal Services** that it has been registered on title.

2. That the Owner acknowledges and agrees to convey to the City, at no cost to the City, an unencumbered road widening across the complete frontage of the lands, measuring 13 meters from the existing centerline of pavement/the abutting right-of-way along Mansfield Rd, pursuant to Section 50.1(25)(c) of the Planning Act and Schedule C16 of the City’s new Official Plan, if required. The exact widening must be determined by legal survey. The Owner shall provide a reference plan for registration, indicating the widening, to the City Surveyor for review and approval prior to its deposit in the Land Registry Office. Such reference plan must be tied to the Horizontal Control Network in accordance with the municipal requirements and guidelines for referencing legal surveys. The Owner(s) must provide to the City Surveyor a copy of the Committee of Adjustment Decision and a draft Reference Plan that sets out the required widening. The Committee requires written confirmation from City Legal Services that the transfer of the widening to the City has been registered. All costs shall be borne by the Owner.
3. That the Owner(s) obtain a Zoning By-law Amendment, satisfactory to the **manager of the Development Review All Wards Branch, or their designate**, to be confirmed in writing from the Department to the Committee, that restricts residential development on the retained lands **currently zoned AG2**, with all levels of appeal exhausted.
