

Priority Neighbourhoods in the City of Ottawa

The City of Ottawa has identified 27 priority neighbourhoods that experience greater social inequities. These neighbourhoods were determined using two key tools: the [Ottawa Neighbourhood Equity Index](#) and the [Ottawa Neighbourhood Study](#). The Neighbourhood Equity Index assesses and compares neighbourhoods based on factors impacting well-being across five domains and 28 indicators. The Ottawa Neighbourhood Study provides data on both the strengths and challenges of each neighbourhood.

Ward 7:

- Michele Heights
