APPLICANT’S PROPOSAL AND PURPOSE OF THE APPLICATION

- [1] The Applicant wants to subdivide their property into two separate parcels of land to create one new lot for future development. The existing medical office building and associated surface parking will remain.

CONSENT IS REQUIRED FOR THE FOLLOWING

- [2] The Applicant requires the Committee’s consent to sever land.
- [3] The severed land is shown as Part 1 on the draft 4R-plan filed with the application, will have a frontage of 70.5 metres, a depth of 109.03 metres, and a lot area of 7,688 square metres. This vacant parcel will be known municipally as 2420 Don Reid Drive.
- [4] The retained land, shown as Part 2 on said plan, will have an irregular frontage, a depth of 76.24 metres, and a lot area of 8,347 square metres. This parcel contains the existing commercial building and associated surface parking known municipally as 2430 Don Reid Drive.
- [5] The subject property is not the subject of any other current application under the *Planning Act*.

PUBLIC HEARING

Oral Submissions Summary

- [6] Justin Enendu, Agent for the Applicant, and City Planner Nivethini Jekku Einkaran, were present.
- [7] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

Application Must Satisfy Statutory Tests

- [8] Under the *Planning Act*, the Committee has the power to grant a consent if it is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Also, the Committee must be satisfied that an application is consistent with the Provincial Policy Statement and has regard for matters of provincial interest under section 2 of the Act, as well as the following criteria set out in subsection 51(24):

Criteria

(24) In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility for persons with disabilities and welfare of the present and future inhabitants of the municipality and to,

- a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;
- b) whether the proposed subdivision is premature or in the public interest;
- c) whether the plan conforms to the official plan and adjacent plans of subdivision, if any;
- d) the suitability of the land for the purposes for which it is to be subdivided;
 - d.1) if any affordable housing units are being proposed, the suitability of the proposed units for affordable housing;
- e) the number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;
- f) the dimensions and shapes of the proposed lots;

- g) the restrictions or proposed restrictions, if any, on the land proposed to be subdivided or the buildings and structures proposed to be erected on it and the restrictions, if any, on adjoining land;
- h) conservation of natural resources and flood control;
- i) the adequacy of utilities and municipal services;
- j) the adequacy of school sites;
- k) the area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;
- l) the extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy; and
- m) the interrelationship between the design of the proposed plan of subdivision and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41 (2) of this Act or subsection 114 (2) of the *City of Toronto Act, 2006*. 1994, c. 23, s. 30; 2001, c. 32, s. 31 (2); 2006, c. 23, s. 22 (3, 4); 2016, c. 25, Sched. 4, s. 8 (2).

Evidence

[9] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:

- Application and supporting documents, including cover letter, parcel register abstract, plans, tree information report, a photo of the posted sign, and a sign posting declaration.
- City Planning Report received October 10, 2024, with no concerns.
- Rideau Valley Conservation Authority email received October 9, 2024, with no objections.
- Hydro Ottawa email received October 11, 2024, with no comments.
- Hydro One email received October 9, 2024, with no comments.
- Ontario Ministry of Transportation email received October 4, 2024, with no comments.

Effect of Submissions on Decision

- [10] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [11] The Committee notes that the City's Planning Report raises "no concerns" regarding the application, subject to the requested conditions agreed to by the Applicant's Agent.
- [12] Based on the evidence, the Committee is satisfied that the proposal is consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions. The Committee is also satisfied that the proposal has adequate regard to matters of provincial interest, including the orderly development of safe and healthy communities; the appropriate location of growth and development; and the protection of public health and safety. Additionally, the Committee is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Moreover, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.
- [13] THE COMMITTEE OF ADJUSTMENT therefore grants the provisional consent, subject to the following conditions, **which must be fulfilled within a two-year period from the date of this Decision**:
1. That the Owner(s) provide evidence that payment has been made to the City of Ottawa for cash-in-lieu of the conveyance of land for park or other public recreational purposes, plus applicable appraisal costs. The value of land otherwise required to be conveyed shall be determined by the City of Ottawa in accordance with the provisions of By-Law No. 2022-280, as amended. Information regarding the appraisal process can be obtained by contacting the Planner.
 2. That the Owner(s) provide a servicing plan or other evidence, to the satisfaction of the **Development Review Manager of the All Wards Branch within Planning, Development and Building Services Department, or their designate**, to be confirmed in writing from the Department to the Committee, that each existing building and/or unit on the severed and retained parcels has its own independent water, sanitary and sewer connection, as appropriate, that are directly connected to City infrastructure and do not cross the proposed severance line.

If the services are shared, and there is sufficient justification for the service locations to remain, the Owner(s) must obtain Ontario Ministry of the Environment and Conservation and Parks (Environmental Compliance Approval – ECA), must obtain the approval of the Committee to grant easement(s) as required for access and maintenance of the services, and must

register a Joint Use and Maintenance Agreement, between the Owners of the services, on the title of the property, all at their own costs.

3. That the Owner(s) shall provide evidence that a grading and drainage plan, prepared by a qualified Civil Engineer licensed in the Province of Ontario, an Ontario Land Surveyor or a Certified Engineering Technologist, has been submitted to the satisfaction of **Development Review All Wards Manager within Planning, Development and Building Services Department, or their designate** to be confirmed in writing from the Department to the Committee. The grading and drainage plan shall delineate existing and proposed grades for both the severed and retained properties, to the satisfaction of **Development Review All Wards Manager within Planning, Development and Building Services Department, or their designate**.
4. That the Owner(s) provide evidence to the satisfaction of the **Development Review Manager of All Wards Branch within Planning, Development and Building Services Department, or their designate**, to be confirmed in writing from the Department to the Committee, that the existing structure straddling the proposed severance line has been demolished in accordance with the demolition permit or relocated in conformity with the Zoning By-law.
5. That the Owner enter into an Agreement with the City, at the expense of the Owner, which is to be registered on Title to deal with the covenants/notices that shall run with the land and bind future owners on subsequent transfers;

“The property is located next to lands that have an existing source of environmental noise (arterial and collector road) and may therefore be subject to noise and other activities associated with that use”

The Agreement shall be to the satisfaction of **Development Review All Wards Manager of the Development Review All Wards Branch within Planning, Development and Building Services Department, or their designate**. The Committee requires a copy of the Agreement and written confirmation from **City Legal Services** that it has been registered on title.

6. That the Owner(s) file with the Committee a copy of the registered Reference Plan prepared by an Ontario Land Surveyor registered in the Province of Ontario, and signed by the Registrar, **confirming the frontage and area of the severed land. If the Registered Plan does not indicate the lot area, a letter from the Surveyor confirming the area is required**. The Registered Reference Plan must conform substantially to the Draft Reference Plan filed with the Application for Consent.
7. That upon completion of the above conditions, and **within the two-year period outlined above**, the Owner(s) file with the Committee, the “electronic registration in preparation documents” for a Conveyance for which the Consent is required.

Secretary-Treasurer

NOTICE OF RIGHT TO APPEAL

To appeal this decision to the Ontario Land Tribunal (OLT), a completed appeal form along with payment must be received by the Secretary-Treasurer of the Committee of Adjustment by **November 14, 2024**, delivered by email at cofa@ottawa.ca and/or by mail or courier to the following address:

Secretary-Treasurer, Committee of Adjustment,
101 Centrepointe Drive, 4th floor, Ottawa, Ontario, K2G 5K7

The Appeal Form is available on the OLT website at <https://olt.gov.on.ca/>. The Ontario Land Tribunal has established a filing fee of \$400.00 per type of application with an additional filing fee of \$25.00 for each secondary application. Payment can be made by certified cheque or money order made payable to the Ontario Minister of Finance, or by credit card. Please indicate on the Appeal Form if you wish to pay by credit card. If you have any questions about the appeal process, please contact the Committee of Adjustment office by calling 613-580-2436 or by email at cofa@ottawa.ca.

Only the applicant, the Minister or a specified person or public body that has an interest in the matter may appeal the decision to the Ontario Land Tribunal. A "specified person" does not include an individual or a community association.

There are no provisions for the Committee of Adjustment or the Ontario Land Tribunal to extend the statutory deadline to file an appeal. If the deadline is not met, the OLT does not have the authority to hold a hearing to consider your appeal.

If a major change to condition(s) is requested, you will be entitled to receive Notice of the changes only if you have made a written request to be notified.

NOTICE TO APPLICANT

All technical studies must be submitted to the Planning, Development and Building Services Department a minimum of **40 working days** prior to lapsing date of the consent. Should a Development Agreement be required, such request should be initiated **15 working days** prior to lapsing date of the consent and should include all required documentation including the approved technical studies.
