## Business and Technical Support Services – Planning, Development and Building Services 2025 Service Area Summary

The Business and Technical Support Services unit (BTSS) provides centralized strategic and operational support to all services within the department. It provides key business support functions and expertise such as project and program management, communications, legislative agenda, audit coordination, policy review and development, digital services support, and fulfilling corporate obligations and reporting. The BTSS supports the General Manager's office, department leadership, and operational services/branches, and works with the other BTSS/BSS units across the corporation to increase organizational effectiveness, efficiency, and collaboration between departments. The BTSS also provides technical support services that provide unique and specialized technical expertise that support core departmental operations, programs, activities, or systems.

## Planning, Development and Building Services Department 2025 Service Area Summary - Building Code Services

Building Code Services (BCS) is the regulatory authority for building construction for the City and enforces the Ontario Building Code (OBC) to protect the public. The OBC establishes uniform minimum standards for health, life safety, fire protection, accessibility, energy efficiency and structural sufficiency that must be included in the design and construction of a building.

In accordance with the Building Code Act, building permit fees are set to only recover the costs associated with servicing building permits and enforcing the Act and Code. A Building Code Reserve Fund has been established to safeguard the City's ability to continue to enforce the Act and Code and avert passing on the associated costs to general taxation.

### **Programs/Services Offered**

- Provide frontline development information to clients
- Provide OBC expert advice to the industry and all stakeholders
- Review construction plans for all new/renovated buildings
- Calculate and collect building permit and related charges including development charges
- Issue building and demolition permits
- Conduct inspections of building construction, renovations and unsafe buildings
- Issue orders, prosecute non-compliant construction and manage legal claims
- Municipal addressing policy direction, naming, assignment of civic numbers
- Access to building permit records
- Process Agency Letters of Approval (liquor licence applications)

## Strategic Initiatives Department 2025 Service Area Summary – Strategic Housing Projects (Affordable Housing)

Strategic Housing Projects (Affordable Housing), located within Housing Services Initiatives, is responsible for the development of affordable housing policy and the delivery of capital programs and funding for new affordable and supportive housing. Affordable Housing works with the private, not-for-profit, and charitable sectors on the development of new affordable and supportive housing for low and moderate-income individuals and families in Ottawa to advance the objectives of the City's 10 Year Housing and Homelessness Plan. This includes administering federal and provincial programs, municipal investments and leveraging City and community resources to advance Council and community priorities.

Affordable Housing works closely with other branches within Housing Services as well as other City departments to develop and implement strategies to move people from homelessness into permanent affordable and supportive housing. Many of the projects funded by this branch exceed green building and energy efficiency standards, as well as meeting other socioeconomic and environmental objectives of the City of Ottawa.

### **Programs/Services Offered**

- Creates partnerships and allocates funding to not-for-profit housing providers to deliver new affordable units, in keeping with the annual targets of the 10 Year Housing and Homelessness Plan, the Housing Accelerator Fund Action Plan, and other Council endorsed commitments.
- Allocates capital funding to support affordable and supportive housing projects at the pre-development stage to establish a pipeline of shovel-ready projects.
- Administers, delivers, and monitors Ontario Renovates and historical Homeownership programs.
- Facilitates the creation of new affordable housing through innovative policies and programs.
- Identifies and advances vacant city parcels for development of affordable housing.
- Liaises with upper levels of government, including the Canada Mortgage and Housing Corporation (CMHC) and the Ministry of Municipal Affairs and Housing (MMAH) to leverage planning and funding opportunities.
- Works with sectors to develop innovative and "made in Ottawa" solutions for affordable and supportive housing.
