<b>Zoning By-law:</b>	2008-250
<b>Hearing Date:</b>	November 5, 2024, in person and by videoconference

**APPLICANTS’ PROPOSAL AND PURPOSE OF THE APPLICATION**

[1] The Applicants want to construct an addition on the south side of the existing attached garage, as shown on plans filed with the Committee.

**REQUESTED VARIANCE**

[2] The Applicants require the Committee’s authorization for a minor variance from the Zoning By-law to permit a reduced front yard setback of 8.46 metres, whereas the By-law requires a minimum front yard setback of 13.5 metres.

[3] The property is not the subject of any other current application under the *Planning Act*.

**PUBLIC HEARING**

**Oral Submissions Summary**

[4] Shirley Chung, Agent for the Applicants and City Planner Luke Teeft were present.

[5] There were no objections to granting this unopposed application as part of the Panel’s fast-track consent agenda.

**DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED****Application(s) Must Satisfy Statutory Four-Part Test**

- [6] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

**Evidence**

- [7] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:

- Application and supporting documents, including cover letter, plans, photo of the posted sign, and a sign posting declaration.
- City Planning Report received October 30, 2024, with no concerns
- Rideau Valley Conservation Authority email dated November 1, 2024, with no comments
- Hydro Ottawa email received November 1, 2024, with no comments
- Ontario Ministry of Transportation email received October 18, 2024, with no comments.

**Effect of Submissions on Decision**

- [8] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [9] Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.
- [10] The Committee notes that the City's Planning Report raises "no concerns" regarding the application, highlighting that "the proposed addition [...] maintains the existing non-compliant setback of the house and meets all other provisions of the Zoning By-law".
- [11] The Committee also notes that no evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.

- [12] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [13] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [14] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [15] Moreover, the Committee finds that the requested variance is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [16] THE COMMITTEE OF ADJUSTMENT therefore authorizes the requested variance, **subject to** the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped September 20, 2024, as they relate to the requested variance.
