

**DECISION
MINOR VARIANCE**

Date of Decision:	October 25, 2024
Panel:	3 - Rural
File No.:	D08-02-24/A-00239
Application:	Minor Variance under section 45 of the <i>Planning Act</i>
Applicants:	Paul Drolet and Sharon Drolet
Property Address:	952 Bayview Drive
Ward:	5 - West Carleton-March
Legal Description:	Lot 12, Registered Plan 597
Zoning:	V1H [350r]
Zoning By-law:	2008-250
Hearing Date:	October 15, 2024, in person and by videoconference

APPLICANT'S PROPOSAL AND PURPOSE OF THE APPLICATION

- [1] The Applicants want to construct a one-storey detached dwelling, as shown on the plans filed with the Committee. The existing dwelling will be demolished.

REQUESTED VARIANCE

- [2] The Applicants require the Committee's authorization for a minor variance from the Zoning By-law as to permit a building to be setback 10.26 metres from the normal high-water mark of a watercourse or waterbody (Ottawa River), whereas the By-law states, in part, that no building or structure shall be located closer than 30 metres from the normal high-water mark of any watercourse or waterbody.

PUBLIC HEARING

- [3] The Applicants, Paula Drolet and Sharon Drolet, and City Planner Luke Teeft were present.
- [4] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED**Application Must Satisfy Statutory Four-Part Test**

- [5] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [6] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:

- Application and supporting documents, including cover letter, plans, tree information, photo of the posted sign, and a sign posting declaration.
- City Planning Report received October 9, 2024, with no concerns.
- Mississippi Valley Conservation Authority email dated October 8, 2024, with no objections.
- Hydro Ottawa email dated October 11, 2024, with no comments.
- Ontario Ministry of Transportation email dated October 1, 2024, with no comments.

Effect of Submissions on Decision

- [7] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [8] Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.
- [9] The Committee notes that the City's Planning Report raises "no concerns" regarding the application, highlighting that "[t]he proposed new dwelling improves upon the existing setback of the current dwelling. A planting plan has also been submitted which will help to mitigate the impact that a larger structure will have on the landscape."

- [10] The Committee also notes that no evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.
- [11] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [12] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [13] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [14] Moreover, the Committee finds that the requested variance is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [15] THE COMMITTEE OF ADJUSTMENT therefore authorizes the requested variance, **subject to** the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped September 3, 2024, as they relate to the requested variance.
