DISCUSSION AND RATIONALE

Section 53 (12) of the *Planning Act*, R.S.O. 1990, c. P.13, as amended, permits the criteria for the subdivision of land listed in Section 51 (24) to be considered when determining whether provisional consent may be granted by a committee of adjustment. With respect to the criteria listed in Section 51 (24), staff have no concerns with the proposed consent.

CONDITIONS

If approved, the Planning, Development and Building Services Department requests that the Committee of Adjustment impose the following conditions on the application:

1. That the Owner(s) provide proof to the satisfaction of the **Manager of the Development Review All Wards Branch, or their designate**, to be confirmed in writing from the Department to the Committee, that each existing parcel has its own independent private sewage system, storm/foundation drainage, and well and that they do not cross the proposed severance line. If the systems cross the proposed severance line, are not independent, or do not meet the minimum spacing requirements of the Ontario Building Code and City of Ottawa

Hydrogeological and Terrain Analysis Guidelines, the Owner(s) will be required to relocate the existing systems or construct new systems, at their own cost.

2. That the Owner enter into an Agreement with the City, at the expense of the Owner(s) and to the satisfaction of the **Manager of the Development Review All Wards Branch, or their designate**, which provides the following covenant/notice that runs with the land and binds future Owner(s) on subsequent transfers:
 - a) “The City of Ottawa does not guarantee the quality or quantity of the groundwater. If, at some future date, the quality or the quantity of the groundwater becomes deficient, the City of Ottawa bears no responsibility, financial or otherwise, to provide solutions to the deficiency, such solutions being the sole responsibility of the homeowner.”
 - b) “The property is located next to lands that have an existing source of environmental noise (arterial road) and may therefore be subject to noise and other activities associated with that use.”

The Committee requires a copy of the Agreement and written confirmation from City Legal Services that it has been registered on title.

3. That the Owner(s) provide a copy of a legally binding agreement of purchase and sale or a letter indicating the current owner is a licensed farmer, satisfactory to the **Manager of the Development Review All Wards Branch, or their designate**, to be confirmed in writing from the Department to the Committee, that demonstrates that the newly created lot is being sold.
4. That the Owner(s) obtain a Zoning By-law Amendment, satisfactory to the **Manager of the Development Review All Wards Branch, or their designate**, to be confirmed in writing from the Department to the Committee, that prohibits residential development on the **severed** lands, with all levels of appeal exhausted.
5. That the Owner acknowledges and agrees to convey to the City, at no cost to the City, an unencumbered road widening across the complete frontage of the lands, measuring **13 meters** from the existing centerline of pavement/the abutting right-of-way along **Twin Elm Road**, pursuant to Section 50.1(25)(c) of the Planning Act and Schedule C16 of the City’s Official Plan, if required. The exact widening must be determined by legal survey. The Owner shall provide a reference plan for registration, indicating the widening, to the City Surveyor for review and approval prior to its deposit in the Land Registry Office. Such reference plan must be tied to the Horizontal Control Network in accordance with the municipal requirements and guidelines for referencing legal surveys. The Owner(s) must provide to the City Surveyor a copy of the Committee of Adjustment Decision and a draft Reference Plan that sets out the required widening. The Committee requires written confirmation from City Legal Services that the transfer of the widening to the City has been registered. All costs shall be borne by the Owner.
