### APPLICANT'S PROPOSAL AND PURPOSE OF THE APPLICATIONS

- [1] The Applicant wants to construct a three-storey, long semi-detached dwelling with an additional dwelling unit in each half, for a total of four units, and a carport at the rear of the property, as shown on the plan filed with the application. The existing dwelling will be demolished.

### CONSENT REQUIRED:

- [2] The Applicant seeks the Committee of Adjustment's consent to sever land and grant easements/rights of way. The property is shown as Parts 1 to 4 on a draft 4R-plan filed with the applications and the separate parcels will be as follows:

*Table 1 Proposed Parcels*

File No.	Frontage	Depth	Area	Part No.	Municipal Address
B-00248	7.26 metres	11.43 metres	82.1 sq. metres	1 & 3	11 Lowrey
B-00249	2.80 metres	30.18 metres	214.7 sq. metres	2 & 4	13 Lowrey

- [3] This application proposes to establish the following easements:
- Over Part 4 in favor of Parts 1 & 3 for pedestrian and vehicular access.
  - Over Part 3 in favor of Parts 2 & 4 for pedestrian and vehicular access.
- [4] Approval of these applications will have the effect of creating a separate parcel of land that will not be in conformity with the requirements of the Zoning By-law and therefore, minor variance application (D08-02-24/A-00297) has been filed and will be heard concurrently with these applications.

## **REQUESTED VARIANCE**

- [5] The Applicant seeks the Committee's authorization for a minor variance from the Zoning By-law to permit a reduced lot area of 296.8 square metres, whereas the By-law requires a minimum lot area of 300 square metres.

## **PUBLIC HEARING**

### **Oral Submissions Summary**

- [6] Chris Jalkotzy, agent for the Applicant, and City Planner Penelope Horn were present.
- [7] There were no objections to granting these unopposed applications as part of the Panel's fast-track consent agenda.

### **Evidence**

## **DECISION AND REASONS OF THE COMMITTEE:**

- **CONSENT APPLICATIONS GRANTED**
- **MINOR VARIANCE APPLICATION GRANTED**

### **Consent Application Must Satisfy Statutory Tests**

[9] Under the *Planning Act*, the Committee has the power to grant a consent if it is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Also, the Committee must be satisfied that an application is consistent with the Provincial Policy Statement and has regard for matters of provincial interest under section 2 of the Act, as well as the following criteria set out in subsection 51(24):

#### **Criteria**

(24) In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility for persons with disabilities and welfare of the present and future inhabitants of the municipality and to,

- a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;
- b) whether the proposed subdivision is premature or in the public interest;
- c) whether the plan conforms to the official plan and adjacent plans of subdivision, if any;
- d) the suitability of the land for the purposes for which it is to be subdivided;
- d.1) if any affordable housing units are being proposed, the suitability of the proposed units for affordable housing;
- e) the number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;
- f) the dimensions and shapes of the proposed lots;

- g) the restrictions or proposed restrictions, if any, on the land proposed to be subdivided or the buildings and structures proposed to be erected on it and the restrictions, if any, on adjoining land;
- h) conservation of natural resources and flood control;
- i) the adequacy of utilities and municipal services;
- j) the adequacy of school sites;
- k) the area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;
- l) the extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy; and
- m) the interrelationship between the design of the proposed plan of subdivision and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41 (2) of this Act or subsection 114 (2) of the City of Toronto Act, 2006. 1994, c. 23, s. 30; 2001, c. 32, s. 31 (2); 2006, c. 23, s. 22 (3, 4); 2016, c. 25, Sched. 4, s. 8 (2).

### **Minor Variance Application Must Satisfy Statutory Four-Part Test**

- [10] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

### **Effect of Submissions on Decision**

- [11] The Committee of Adjustment considered all written and oral submissions relating to the applications in making its decision and granted the applications.
- [12] The Committee notes that the City's Planning Report raises "no concerns" regarding the consent applications, subject to the requested conditions agreed to by the Applicant's agent.
- [13] Based on the evidence, the Committee is satisfied that the consent applications are consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions.

- [14] The Committee is also satisfied that the proposal has adequate regard to matters of provincial interest, including the orderly development of safe and healthy communities; the appropriate location of growth and development; and the protection of public health and safety.
- [15] Additionally, the Committee is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality.
- [16] Moreover, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.
- [17] Based on the evidence, the Committee is also satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.
- [18] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [19] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [20] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [21] Moreover, the Committee finds that the requested variance is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [22] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the consent application is granted and the provisional consent is to be given, subject to the conditions set out in Appendix A to this Order.
- [23] **THE COMMITTEE OF ADJUSTMENT ALSO ORDERS** that the minor variance application is granted and the variance to the Zoning By-law is authorized.

## APPENDIX A

1. The Owner(s) provide evidence that the accompanying minor variance application D08-02-24/A-00297 has been approved, with all levels of appeal exhausted.
2. That the Owner(s) provide evidence that payment has been made to the City of Ottawa for cash-in-lieu of the conveyance of land for park or other public recreational purposes, plus applicable appraisal costs. The value of land otherwise required to be conveyed shall be determined by the City of Ottawa in accordance with the provisions of By-Law No. 2022-280, as amended. Information regarding the appraisal process can be obtained by contacting the Planner.
3. That the Owner(s) provide evidence to the satisfaction of both the **Chief Building Official and Development Review Manager, Planning, Development and Building Services Department, or designates**, that both severed and retained parcels have their own independent water, sanitary and storm connection as appropriate, and that these services do not cross the proposed severance line and are connected directly to City infrastructure. Further, the Owner(s) shall comply to 7.1.5.4(1) of the Ontario Building Code, O. Reg. 332/12 as amended. If necessary, a plumbing permit shall be obtained from Building Code Services for any required alterations.

The Joint Use, Maintenance and Common Elements Agreement shall set forth the joint use and maintenance of all common elements including, but not limited to, the common party walls, common structural elements such as roof, footings, soffits, foundations, common areas, common driveways and common landscaping.

The Owner shall ensure that the Agreement is binding upon all the unit owners and successors in title and shall be to the satisfaction of **Development Review All Wards Manager within Planning, Development and Building Services Department, or their designate, or City Legal Services**. The Committee requires written confirmation that the Agreement is satisfactory to **Development Review All Wards Manager within Planning, Development and Building Services Department, or their designate, or is satisfactory to City Legal Services**, as well as a copy of the Agreement and confirmation that it has been registered on title.

5. That the Owner(s) enter into an Agreement with the City, at the expense of the Owner(s), which is to be registered on the Title of the property, to deal with the following covenant/notice that shall run with the land and bind future owners on subsequent transfers:

The Committee requires a copy of the Agreement and written confirmation from **City Legal Services** that it has been registered on title.

6. The Owner(s) shall prepare a noise and vibration attenuation in compliance with the City of Ottawa Environmental Noise Control Guidelines to the satisfaction of **Development Review All Wards Manager Branch within Planning, Development and Building Services Department, or their designate**. Where the approved Site Servicing Plan demonstrates that resurfacing is not required based on the City's Road Cut Resurfacing Policy, the **Development Review Manager of the All-Wards Branch within Planning, Development and Building Services Department, or their designate**, shall deem this condition satisfied.
9. That the Owner/Applicant(s) provide a tree planting plan, prepared to the satisfaction of the **Manager of the relevant Branch within the Planning, Real Estate and Economic Development Department, or their designate(s)**, showing the location(s) and species or ultimate size of all compensation trees required under the Tree Protection By-law and/or one new tree (50 mm caliper) per lot.
