Application for Condition wording change
File No **D08-01-24/B-00134 & D08-01-24/B-00135**

Taventi has been retained by the owners of the property known as 191 Granville to prepare and file an application for Condition #4 wording change to allow the owner to voluntarily register the noise pollution warnings on all 2 severed lot's titles.

Suggested wording change:

That the Owner enter into an Agreement with the City, at the expense of the Owner, which is to be registered on Title to deal with the covenants/notices that shall run with the land and bind future owners on subsequent transfers, warning purchasers and/or tenants of expected noise levels due to the existing source of environmental noise (arterial, highway, airport, etc.). The Agreement shall be to the satisfaction of the Development Review Manager of the South Branch within Planning, Real Estate and Economic Department, or his/her designate. The Committee requires a copy of the

Agreement and written confirmation from City Legal Services that it has been registered on title.

The reasons for voluntary registering the noise pollution are:

- 1- 351-353 St. Denis Street properties are close by busy traffic streets of Montral Rd, St. Denis, and Granville Street.

- 2- Both 351-353 Semi-Attached constructions are completed, Occupancy permits are issued and occupied.

To speed up our application process and cost saving we are accepting to register this condition on both properties' titles.

APPLICANTS' PROPOSAL AND PURPOSE OF THE APPLICATIONS

- [1] The Applicants want to subdivide their property into three separate parcels of land to create a new lot for future development and establish separate ownership for each half of a semi-detached dwelling currently under construction.

CONSENT IS REQUIRED FOR THE FOLLOWING

- [2] The Applicants require the Committee's consent to sever land. The property is shown as Parts 1 & 2 on a draft 4R-plan filed with the applications and the separate parcels will be as follows:

Table 1 Proposed Parcels

File No.	Frontage	Depth	Area	Part No.	Municipal Address
B-00134	12.04 m	28.96 m	351.1 sq. m	Part 1	351 St. Denis Street
B-00135	7.17 m	28.96 m	207.6 sq. m	Part 2	353 St. Denis Street

- [3] The retained land will have a frontage of 14.32 metres, a depth of 28.06 metres and a lot area of 414.7 sq. metres. This parcel will be vacant and known municipally as 355 St. Denis Street.

PUBLIC HEARING

Oral Submissions Summary

- [4] Majid Ebrahimipour, Agent for the Applicants, responded to questions from the Committee and confirmed his agreement with the City's requested conditions of provisional consent.
- [5] City Planner Margot Linker was present.

DECISION AND REASONS OF THE COMMITTEE: APPLICATIONS GRANTED

Applications Must Satisfy Statutory Tests

- [6] Under the *Planning Act*, the Committee has the power to grant a consent if it is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Also, the Committee must be satisfied that an application is consistent with the Provincial Policy Statement and has regard for matters of provincial interest under section 2 of the Act, as well as the following criteria set out in subsection 51(24):

Criteria

(24) In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility for persons with disabilities and welfare of the present and future inhabitants of the municipality and to,

(a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;

(b) whether the proposed subdivision is premature or in the public interest;

(c) whether the plan conforms to the official plan and adjacent plans of subdivision, if any;

(d) the suitability of the land for the purposes for which it is to be subdivided;

(d.1) if any affordable housing units are being proposed, the suitability of the proposed units for affordable housing;

(e) the number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;

(f) the dimensions and shapes of the proposed lots;

(g) the restrictions or proposed restrictions, if any, on the land proposed to be subdivided or the buildings and structures proposed to be erected on it and the restrictions, if any, on adjoining land;

(h) conservation of natural resources and flood control;

(i) the adequacy of utilities and municipal services;

(j) the adequacy of school sites;

(k) the area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;

(l) the extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy; and

(m) the interrelationship between the design of the proposed plan of subdivision and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41 (2) of this Act or subsection 114 (2) of the *City of Toronto Act, 2006*. 1994, c. 23, s. 30; 2001, c. 32, s. 31 (2); 2006, c. 23, s. 22 (3, 4); 2016, c. 25, Sched. 4, s. 8 (2).

Evidence

[7] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:

- Application and supporting documents, including cover letter, parcel register, plans, tree information, photo of the posted sign, and a sign posting declaration.
- City Planning Report received August 28, 2024, with no concerns; received August 28, 2024, with no concerns.
- Rideau Valley Conservation Authority email received August 29, 2024, with no objections.
- Hydro Ottawa email received September 3, 2024, with comments.
- Hydro One email received August 19, 2024, with no comments.

Effect of Submissions on Decision

[8] The Committee considered all written and oral submissions relating to the applications in making its decision and granted the applications.

[9] The Committee notes that the City's Planning Report raises "no concerns" regarding the applications, subject to the requested conditions agreed to by the Applicant's agent. Based on the evidence, the Committee is satisfied that the proposal is consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions. The Committee is also satisfied that the proposal has adequate regard to matters of provincial interest, including the orderly development of safe and healthy communities; the appropriate location of growth and development; and the protection of public health and safety. Additionally, the Committee is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Moreover, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.

[10] THE COMMITTEE OF ADJUSTMENT therefore grants the provisional consent, subject to the following conditions, **which must be fulfilled within a two-year period from the date of this Decision:**

1. That the Owner(s) provide evidence that payment has been made to the City of Ottawa for cash-in-lieu of the conveyance of land for park or other public recreational purposes, plus applicable appraisal costs. The value of land otherwise required to be conveyed shall be determined by the City of Ottawa in accordance with the provisions of By-Law No. 2022-280, as amended. Information regarding the appraisal process can be obtained by contacting the Planner.
2. That the Owner(s) provide evidence to the satisfaction of both the **Chief Building Official and Development Review Manager, Planning, Development and Building Services Department, or designates**, that both severed and retained parcels have their own independent water, sanitary and storm connection as appropriate, and that these services do not cross the proposed severance line and are connected directly to City infrastructure. Further, the Owner(s) shall comply to 7.1.5.4(1) of the Ontario Building Code, O. Reg. 332/12 as amended. If necessary, a plumbing permit shall be obtained from Building Code Services for any required alterations.
3. That the Owner(s) enter into a Joint Use, Maintenance and Operating Agreement, at the expense of the Owner(s), setting forth the obligations between the Owner(s) and the proposed future owners.

The Joint Use, Maintenance and Operating Agreement shall set forth the joint use and maintenance of all common elements including, but not limited to, the common party walls, common structural elements such as roof, footings, soffits, foundations, common areas, common driveways and common landscaping.

The Owner shall ensure that the Agreement is binding upon all the unit owners and successors in title and shall be to the satisfaction of Development Review

Manager of the Development Review All Wards Branch within Planning, Development and Building Services Department, or their designate, or City Legal Services. The Committee requires written confirmation that the Agreement is satisfactory to Relevant Manager of the Relevant Branch within Planning, Development and Building Services Department, or their designate, or is satisfactory to City Legal Services, as well as a copy of the Agreement and confirmation that it has been or will be registered on title.

4. The Owner(s) shall prepare a noise attenuation study in compliance with the City of Ottawa Environmental Noise Control Guidelines to the satisfaction of **Development Review Manager of the Development Review All Wards Branch within Planning, Development and Building Services Department, or their designate.** The Owner(s) shall enter into an agreement with the City that requires the Owner to implement any noise control attenuation measures recommended in the approved study. The Committee requires a copy of the Agreement and written confirmation from **City Legal Services** that it has been registered on title.
5. That the Owner enter into an Agreement with the City, at the expense of the Owner, which is to be registered on Title to deal with the covenants/notices that shall run with the land and bind future owners on subsequent transfers;

“The property is located next to lands that have an existing source of environmental noise (arterial road, highway, airport, etc) and may therefore be subject to noise and other activities associated with that use.”

The Agreement shall be to the satisfaction of Development Review Manager of the **Development Review All Wards Branch within Planning, Development and Building Services Department, or their designate.** The Committee requires a copy of the Agreement and written confirmation from **City Legal Services** that it has been registered on title.

6. That the Owner convey a 3m x 9m corner sight triangle located at the intersection of St. Denis & Granville Street to the City, with all costs to be borne by the Owner(s), to the satisfaction of the **Surveys and Mapping Branch of the City.** This area will be free of all structures, plantings, etc. and will allow a proper sighting distance for motorists when performing turning movements within the intersection. The Committee must receive written confirmation from City Legal Services that the transfer of the lands to the City has been registered.
7. That the Owner(s) enter into a resurfacing agreement with the City to the satisfaction of the **Program Manager, Right of Way Branch within Planning, Development and Building Services Department, or their designate,** and provide financial security in accordance with the Road Activity By-law, as amended, to install an asphalt overlay over the roadway surface of St. Denis Street, fronting the subject lands, to the limits shown on the approved Site

Servicing Plan. Where the approved Site Servicing Plan demonstrates that resurfacing is not required based on the City's Road Cut Resurfacing Policy, the **Development Review Manager of the All-Wards Branch within Planning, Development and Building Services Department, or their designate**, shall deem this condition satisfied.

8. That the Owner/Applicant(s) provide a tree planting plan, prepared to the satisfaction of the **Manager of the relevant Branch within the Planning, Real Estate and Economic Development Department, or their designate(s)**, showing the location(s) and species or ultimate size of all compensation trees required under the Tree Protection By-law and/or one new tree (50 mm caliper) per lot, whichever is greater.
9. That the Owner(s) provide evidence to the satisfaction of the **Chief Building Official, or designate**, that the party wall meets the Ontario Building Code, O Reg. 332/12 as amended, which requires a 1-hour fire separation from the basement through to the underside of the roof. Verification from the Building Inspector is required. If necessary, a building permit shall be obtained from Building Code Services for any required alterations.
10. That the Owner(s) file with the Committee a copy of the registered Reference Plan prepared by an Ontario Land Surveyor registered in the Province of Ontario, and signed by the Registrar, **confirming the frontage and area of the severed land. If the Registered Plan does not indicate the lot area, a letter from the Surveyor confirming the area is required.** The Registered Reference Plan must conform substantially to the Draft Reference Plan filed with the Application for Consent.
11. That upon completion of the above conditions, and **within the two-year period outlined above**, the Owner(s) file with the Committee, the "electronic registration in preparation documents" for a Conveyance for which the Consent is required.

Secretary-Treasurer

NOTICE OF RIGHT TO APPEAL

To appeal this decision to the Ontario Land Tribunal (OLT), a completed appeal form along with payment must be received by the Secretary-Treasurer of the Committee of Adjustment by **October 3, 2024**, delivered by email at cofa@ottawa.ca and/or by mail or courier to the following address:

Secretary-Treasurer, Committee of Adjustment,
101 CentrepoinTE Drive, 4th floor, Ottawa, Ontario, K2G 5K7

The Appeal Form is available on the OLT website at <https://olt.gov.on.ca/>. The Ontario Land Tribunal has established a filing fee of \$400.00 per type of application with an additional filing fee of \$25.00 for each secondary application. Payment can be made by certified cheque or money order made payable to the Ontario Minister of Finance, or by credit card. Please indicate on the Appeal Form if you wish to pay by credit card. If you have any questions about the appeal process, please contact the Committee of Adjustment office by calling 613-580-2436 or by email at cofa@ottawa.ca.

Only the applicant, the Minister or a specified person or public body that has an interest in the matter may appeal the decision to the Ontario Land Tribunal. A "specified person" does not include an individual or a community association.

There are no provisions for the Committee of Adjustment or the Ontario Land Tribunal to extend the statutory deadline to file an appeal. If the deadline is not met, the OLT does not have the authority to hold a hearing to consider your appeal.

If a major change to condition(s) is requested, you will be entitled to receive Notice of the changes only if you have made a written request to be notified.

NOTICE TO APPLICANT(S)

All technical studies must be submitted to the Planning, Development and Building Services Department a minimum of **40 working days** prior to lapsing date of the consent. Should a Development Agreement be required, such request should be initiated **15 working days** prior to lapsing date of the consent and should include all required documentation including the approved technical studies.
