Panel: 2 - Suburban
File No.: D08-02-24/A-00322
Application: Minor Variance under section 45 of the *Planning Act*
Applicants: Anwar Fares and Maya Bakhos
Property Address: 9 Kemp Drive
Ward: 10 - Gloucester-Southgate
Legal Description: Lot 3, Registered Plan 602
Zoning: R1CC
Zoning By-law: 2008-250
Hearing Date: February 4, 2025, in person and by videoconference

APPLICANTS' PROPOSAL AND PURPOSE OF THE APPLICATION

[1] The Applicants want to expand their existing driveway to accommodate the existing triple wide garage, as shown on plans filed with the Committee.

REQUESTED VARIANCE

[2] The Applicants seek the Committee's authorization for a minor variance from the Zoning By-law to permit a driveway width of 9 metres, whereas the By-law permits a maximum driveway width of 6 metres or less.

PUBLIC HEARING

Oral Submissions Summary

[3] Amanda Sanford, agent for the Applicant, provided an overview of the application and responded to questions from the Committee.

[4] Ms. Sanford confirmed that the front yard would exceed the required soft landscaping requirement.

- [5] City Planner Elizabeth King highlighted no concerns with the application. She also noted that the revised Site Plan provides a landscape strip between the walkway and driveway, as required by the Zoning By-law.
- [6] Following the public hearing, the Committee reserved its decision.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

Application Must Satisfy Statutory Four-Part Test

- [7] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [8] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Applications and supporting documents, including cover letter, plans, tree information, and a sign posting declaration.
 - City Planning Report received January 30, 2025, with no concerns.
 - South Nation Conservation Authority email dated January 29, 2025, with no concerns.
 - Hydro Ottawa email dated January 24, 2025, with no concerns.
 - Ontario Ministry of Transportation email dated January 22, 2025, with no comments.

Effect of Submissions on Decision

- [9] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [10] Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.

- [11] The Committee notes that the City’s Planning Report raises “no concerns” regarding the application, highlighting that “landscaping buffers should be provided to mitigate the visual impact of the driveway.”
- [12] The Committee also notes that no evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.
- [13] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [14] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [15] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [16] Moreover, the Committee finds that the requested variance is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [17] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variance to the Zoning By-law is authorized, **subject to** the location and size of the proposed construction being in accordance with the site plan filed, Committee of Adjustment date stamped January 29, 2025, and the elevations filed, Committee of Adjustment date stamped January 7, 2025, as they relate to the requested variance.
