DEPARTMENT COMMENTS

DISCUSSION AND RATIONALE

Section 53 (12) of the *Planning Act*, R.S.O. 1990, c. P.13, as amended, permits the criteria for the subdivision of land listed in Section 51 (24) to be considered when determining whether provisional consent may be granted by a committee of adjustment. With respect to the criteria listed in Section 51 (24), staff have no concerns with the proposed lot line adjustment as it corrects the property boundaries to ensure the existing buildings and surface parking lots are not crossing lot lines. Staff have no concerns with the retained lot as it is merging with the southern lot.

ADDITIONAL COMMENTS

Planning Forestry

There are no tree-related concerns with the proposed severance now that it has been confirmed that the existing access to the south will be used, and no new access point from Legget is required.

Right of Way Management

The Right-of-Way Management Department has no concerns with the proposed Consent Application to convey a portion of their property to the abutting property to the west,

known municipally as 3000 Solandt Road. The retained land 412 Legget does not have its own entrance to the lot, a Private approach permit is required should they want to establish an entrance to the lot. Please contact the ROW Department for any additional information at rowadmin@ottawa.ca or visit the City webpage [Driveways | City of Ottawa](#) to submit a Private Approach application.

CONDITIONS

If approved, the Planning, Development, and Building Services Department requests that the Committee of Adjustment impose the following conditions on the application:

1. That the Owner(s) provide evidence to the satisfaction of both the Chief Building Official and Development Review Manager, Planning, Development and Building Services Department, or designates, that both severed and retained parcels have their own independent water, sanitary and storm connection as appropriate, and that these services do not cross the proposed severance line and are connected directly to City infrastructure. Further, the Owner(s) shall comply to 7.1.5.4(1) of the Ontario Building Code, O. Reg. 332/12 as amended. If necessary, a plumbing permit shall be obtained from Building Code Services for any required alterations.
2. That the Owner(s) shall provide evidence that a grading and drainage plan, prepared by a qualified Civil Engineer licensed in the Province of Ontario, an Ontario Land Surveyor or a Certified Engineering Technologist, has been submitted to the satisfaction of Development Review All Wards Manager of the Development Review All Wards Branch within Planning, Development and Building Services Department, or their designate to be confirmed in writing from the Department to the Committee. The grading and drainage plan shall delineate existing and proposed grades for both the severed and retained properties, to the satisfaction of Development Review All Wards Manager of the Development Review All Wards Branch within Planning, Development and Building Services Department, or their designate.
3. That the Owner(s) file with the Secretary-Treasurer of the Committee of Adjustment the following:
 - a) A copy of the Reference Plan and/or legal description of the severed land and the deed or Instrument conveying the severed land to the owner of the abutting property to the north known municipally as 3000 Solandt Road, so that no new lot is being created, in accordance with paragraph (b) below;
 - b) A Certificate of Official attached to the deed/transfer required by paragraph (a) above containing the following endorsement:

“The lands to be severed are for the purpose of a lot addition only to the abutting lands owned by (insert name) described as PIN (insert property identification number) being Part(s) (insert numbers) on Plan (insert plan

number), not for the creation of a new lot, and any subsequent transfer, charge or other transaction involving the lands to be severed shall be subject to compliance with subsection 50 (3) or subsection 50 (5) of the Planning Act, as applicable. Neither the lands to be severed nor the abutting lands are to be transferred, charged or otherwise re-conveyed in the future without the other parcel unless a further consent is obtained. The Owner shall cause the lands to be severed to be consolidated on title with the abutting lands and for this condition to be entered on the parcel register for the consolidated parcel as a restriction”;

- c) An Undertaking from a solicitor authorized to practice law in the Province of Ontario, and in good standing with the Law Society of Upper Canada, as follows:

“In consideration of, and notwithstanding the issuance of the Certificate under subsection 50 (12) of the Planning Act in respect to the subject Application for Consent, I undertake on behalf of the Owner, within **30 days** of the registration on title of the transfer document containing the endorsement set out in the Certificate of Official issued by the Committee of Adjustment, to file an Application to Consolidate Parcels including the severed land (Part of PIN insert number) and the abutting land (PIN insert number). This PIN consolidation is intended to reinforce the Planning Act stipulation in the condition outlined above that both parcels have merged on Title and cannot be conveyed separately in the future. I further undertake to forward a copy of the registered Application to Consolidate Parcels and a copy of the Consolidated Parcel abstract page(s) to the Committee office within 21 days of the registration of the Application to Consolidate Parcels”.

- d) Where the parcel consolidation stipulated in paragraph (b) and the solicitor’s Undertaking in paragraph (c) above cannot be reasonably completed because the parcels of land to be merged have different estate qualifiers, an Application to Annex Restrictive Covenant under Section 118 of the *Land Titles Act* must be registered on the Title of both the severed lands and on the abutting parcel that is to be merged. The Covenant, which is to be to the satisfaction of the Secretary-Treasurer of the Committee, shall advise all future purchasers that the parcels must be dealt with together and not separately, and contain wording set out below or similar wording acceptable to the Secretary-Treasurer of the Committee:

“These lands have been merged and may not be dealt with separately, without applying for a Consent of the Committee of Adjustment”.

- e) In lieu of the Undertaking provided in paragraph (c), a replacement Undertaking by the solicitor must be filed undertaking on behalf of the Owner to register the Restrictive Covenant on both property Titles within 30 days of

the registration of the transfer document containing the endorsement of the Certificate of Official issued by the Committee of Adjustment for this application and to file a copy of the registered Restrictive Covenant with the Committee within 21 days of the registration of the document.
