Also, the Committee must be satisfied that an application is consistent with the Provincial Policy Statement and has regard for matters of provincial interest under section 2 of the Act, as well as the following criteria set out in subsection 51(24):

Criteria

(24) In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility for persons with disabilities and welfare of the present and future inhabitants of the municipality and to,

- a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;
- b) whether the proposed subdivision is premature or in the public interest;
- c) whether the plan conforms to the official plan and adjacent plans of subdivision, if any;
- d) the suitability of the land for the purposes for which it is to be subdivided;
- d.1) if any affordable housing units are being proposed, the suitability of the proposed units for affordable housing;
- e) the number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;

- f) the dimensions and shapes of the proposed lots;
- g) the restrictions or proposed restrictions, if any, on the land proposed to be subdivided or the buildings and structures proposed to be erected on it and the restrictions, if any, on adjoining land;
- h) conservation of natural resources and flood control;
- i) the adequacy of utilities and municipal services;
- j) the adequacy of school sites;
- k) the area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;
- l) the extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy; and
- m) the interrelationship between the design of the proposed plan of subdivision and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41 (2) of this Act or subsection 114 (2) of the City of Toronto Act, 2006. 1994, c. 23, s. 30; 2001, c. 32, s. 31 (2); 2006, c. 23, s. 22 (3, 4); 2016, c. 25, Sched. 4, s. 8 (2).

Effect of Submissions on Decision

- [10] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [11] The Committee notes that the City’s Planning Report raises “no concerns” regarding the application, subject to the requested conditions agreed to by the Applicant’s agent.
- [12] Based on the evidence, the Committee is satisfied that the proposal is consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions.
- [13] The Committee is also satisfied that the proposal has adequate regard to matters of provincial interest, including the orderly development of safe and healthy communities; the appropriate location of growth and development; and the protection of public health and safety.
- [14] Additionally, the Committee is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality.
- [15] Moreover, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.
- [16] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the provisional consent is to be given, subject to the conditions set out in Appendix A to this decision.

APPENDIX A

1. That the Owner(s) file with the Secretary-Treasurer of the Committee of Adjustment the following:
 - a) A copy of the Reference Plan and/or legal description of the severed land and the deed or Instrument conveying the severed land to the owner of the abutting property to the north known municipally as 20 Champlain Avenue, so that no new lot is being created, in accordance with paragraph (b) below;
 - b) A Certificate of Official attached to the deed/transfer required by paragraph (a) above containing the following endorsement:

“The lands to be severed are for the purpose of a lot addition only to the abutting lands owned by (insert name) described as PIN (insert property identification number) being Part(s) (insert numbers) on Plan (insert plan number), not for the creation of a new lot, and any subsequent transfer, charge or other transaction involving the lands to be severed shall be subject to compliance with subsection 50 (3) or subsection 50 (5) of the Planning Act, as applicable. Neither the lands to be severed nor the abutting lands are to be transferred, charged or otherwise re-conveyed in the future without the other parcel unless a further consent is obtained. The Owner shall cause the lands to be severed to be consolidated on title with the abutting lands and for this condition to be entered on the parcel register for the consolidated parcel as a restriction”;
 - c) An Undertaking from a solicitor authorized to practice law in the Province of Ontario, and in good standing with the Law Society of Upper Canada, as follows:

“In consideration of, and notwithstanding the issuance of the Certificate under subsection 50 (12) of the Planning Act in respect to the subject Application for Consent, I undertake on behalf of the Owner, within 30 days of the registration on title of the transfer document containing the endorsement set out in the Certificate of Official issued by the Committee of Adjustment, to file an Application to Consolidate Parcels including the severed land (Part of PIN (insert number) and the abutting land (PIN insert number). This PIN consolidation is intended to reinforce the Planning Act stipulation in the condition outlined above that both parcels have merged on Title and cannot be conveyed separately in the future. I further undertake to forward a copy of the registered Application to Consolidate Parcels and a copy of the Consolidated Parcel abstract page(s) to the Committee office within 21 days of the registration of the Application to Consolidate Parcels”.
 - d) Where the parcel consolidation stipulated in paragraph (b) and the solicitor’s Undertaking in paragraph (c) above cannot be reasonably completed because the parcels of land to be merged have different estate qualifiers, an

Application to Annex Restrictive Covenant under Section 118 of the Land Titles Act must be registered on the Title of both the severed lands and on the abutting parcel that is to be merged. The Covenant, which is to be to the satisfaction of the Secretary-Treasurer of the Committee, shall advise all future purchasers that the parcels must be dealt with together and not separately, and contain wording set out below or similar wording acceptable to the Secretary-Treasurer of the Committee:

“These lands have been merged and may not be dealt with separately, without applying for a Consent of the Committee of Adjustment”.

- e) In lieu of the Undertaking provided in paragraph (c), a replacement Undertaking by the solicitor must be filed undertaking on behalf of the Owner to register the Restrictive Covenant on both property Titles within 30 days of the registration of the transfer document containing the endorsement of the Certificate of Official issued by the Committee of Adjustment for this application and to file a copy of the registered Restrictive Covenant with the Committee within 21 days of the registration of the document.
2. That the Owner(s) satisfies the **Chief Building Official, or designate**, by providing design drawings or other documentation prepared by a qualified designer, that as a result of the proposed lot line adjustment to the existing detached dwelling and shed on draft 4R-plan shall comply with the Ontario Building Code, O. Reg. 332/12 as amended, in regard to the limiting distance along the northerly building side of the proposed property line. If necessary, a building permit shall be obtained from Building Code Services for any required alterations.
3. That the Owner(s) provide evidence, to the satisfaction of the **Manager of Development Review All Wards, Planning, Development and Building Services Department**, that each existing parcel has its own independent storm, sanitary and water services connected to City infrastructure and that these services do not cross the proposed severance line. If they do cross or are not independent, the Owner(s) will be required, at their own cost, to relocate the existing services or construct new services from the City sewers/watermain. Notice shall be provided in writing to the Committee from the Department confirming this condition has been fulfilled.
4. That the Owner/Applicant(s) provide a Tree Information Report showing potential permitted building envelopes to the satisfaction of the **Manager of the relevant Branch within the Planning, Real Estate and Economic Development Department, or their designate(s)**.
5. That the Owner(s) file with the Committee a copy of the registered Reference Plan prepared by an Ontario Land Surveyor registered in the Province of Ontario, and signed by the Registrar, **confirming the frontage and area of the severed land. If the Registered Plan does not indicate the lot area, a letter from the Surveyor confirming the area is required.** The Registered Reference Plan must conform substantially to the Draft Reference Plan filed with the Application for Consent.

6. That upon completion of the above conditions, and **within the two-year period outlined above**, the Owner(s) file with the Committee, the “electronic registration in preparation documents” for a lot line adjustment for which the Consent is required.
