The Committee heard from the following delegations:

1. Chris Greenshields, Vanier Community Association spoke to the staff report failing to refer to key provisions in the Official Plan that would touch on goals for neighbourhoods and public health and safety. Better shelter zoning performing standards are necessary with policy directions on public consultation and community safety. The VCA looks forward to working with the City to get the New Zoning Bylaw right in identifying proper definitions for shelters and urges Council to give more direction to staff to draw on public engagement.
2. Andrew Lumsden* noted the definition of emergency and transitional shelters needs to be clear. A different approach to the issue of homelessness is required that would provide the unhoused with better opportunities to reintegrate into housing beyond shelters.
3. Meg Herod, Peoples Official Plan Coalition* addressed the committee in support of the proposed amendment and urged members to view

this as a necessary step into inclusion and equitable zoning. Clarifying the definition of Shelter, shared accessory uses be permitted and removing separation distances were a few suggestions as to expanding what is currently included in the amendment.
