File No.:	D08-02-25/A-00017

Applicant:	Thusanth Thuraisingam
Property Address:	249 Shakespeare Street
Ward:	12 - Rideau-Vanier
Legal Description:	Lot 336, Registered Plan 246
Zoning:	R4UA
Zoning By-law:	2008-250

APPLICANT'S PROPOSAL AND PURPOSE OF THE APPLICATION

- [1] The Applicant wants to construct a three-storey, eight-unit, low-rise apartment building, as shown on the plans filed with the Committee. The existing dwelling and garage will be demolished.
- [2] On September 27, 2024, the Committee granted minor variance application (File No.: D08-02-24/A-00212), for the construction of the low-rise apartment building. It has since been discovered that an additional variance is required.

REQUESTED VARIANCE

- [3] The Applicant seeks the Committee's authorization for a minor variance from the Zoning By-law to permit a reduced corner side yard setback of 1.5 metres, whereas the By-law requires a minimum corner side yard setback of 4.5 metres.
- [4] The subject property is not the subject of any other current application under the *Planning Act*.

PUBLIC HEARING

- [5] At the scheduled hearing on March 5, 2025, the Committee adjourned the proceeding to allow the Applicant's agent time to consult with the City Planner regarding the need for a potential rear yard area variance. The Applicant's agent has since confirmed that the proposed rear area complies with the requirements of the Zoning By-law, therefore no additional variance is required.

Oral Submissions Summary

- [6] Niels Luetge, agent for the Applicant, and City Planner Penelope Horn were present.
- [7] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

Application Must Satisfy Statutory Four-Part Test

- [8] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [9] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Application and supporting documents, including cover letter, plans, and a sign posting declaration.
 - City Planning Report received March 13, 2025, with no concerns; received February 27, 2025, with no concerns.
 - Rideau Valley Conservation Authority email dated March 14, 2025, with no objections; received February 28, 2025, with no objections.

- Hydro Ottawa email dated March 6, 2025, with no concerns; received February 21, 2025, with no concerns.
- Ontario Ministry of Transportation email dated March 12, 2025, with no comments.

Effect of Submissions on Decision

- [10] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [11] Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.
- [12] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [13] The Committee also notes that no evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.
- [14] Considering the circumstances, the Committee finds that because, the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [15] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [16] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [17] Moreover, the Committee finds that the requested variance, both individually and cumulatively, are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [18] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variance to the Zoning By-law is authorized subject to the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped February 28, 2025, as they relate to the requested variance.
