

**DECISION  
MINOR VARIANCE**

**Date of Decision:** June 13, 2025  
**Panel:** 1 - Urban  
**File No.:** D08-02-25/A-00123  
**Application:** Minor Variance under section 45 of the *Planning Act*  
**Applicants:** T. Ahuja and L. Brancati  
**Property Address:** 482 Kensington Avenue  
**Ward:** 15 - Kitchissippi  
**Legal Description:** Lot 202 and Part of Lot 201, Registered Plan 408  
**Zoning:** R1MM [762]  
**Zoning By-law:** 2008-250  
**Heard:** June 3, 2025, in person and by videoconference

**APPLICANTS' PROPOSAL AND PURPOSE OF THE APPLICATION**

- [1] The Applicants want to construct a detached dwelling with a front-facing attached garage, as shown on the plans filed with the Committee. The existing detached dwelling will be demolished.

**REQUESTED VARIANCE**

- [2] The Applicants seek the Committee's authorization to permit a front-facing attached garage, whereas the By-law states no front-facing garage is permitted based on the conclusions of a Streetscape Character Analysis.
- [3] The property is not the subject of any other current application under the *Planning Act*.

**PUBLIC HEARING**

**Oral Submissions Summary**

- [4] Jasmine Paoloni and Yasaman Bahadori, agents for the Applicants, provided a slide presentation, a copy of which is on file with the Secretary-Treasurer and available from the Committee Coordinator upon request.

- [5] In her presentation, Ms. Bahadori pointed out several features of the design that emphasize the prominence of the front entrance and minimize the visual impact of the front-facing attached garage. She further provided several examples of properties with front-facing attached garages along Kensington Avenue.
- [6] City Planner Penelope Horn was in attendance.
- [7] Following the public hearing, the Committee reserved its decision.

## **DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED**

### **Application Must Satisfy Statutory Four-Part Test**

- [8] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

### **Evidence**

- [9] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:

- Application and supporting documents, including cover letter, revised plans, tree information report, streetscape character analysis, photo of the posted sign, and a sign posting declaration.
- City Planning Report received May 29, 2025, with some concerns.
- Rideau Valley Conservation Authority email dated May 29, 2025, with no objections.
- Hydro Ottawa email received May 26, 2025, with comments.
- C. McGuffin, resident, email dated May 22, 2025, with comments.

### **Effect of Submissions on Decision**

- [10] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [11] Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.

- [12] The Committee notes that the City's Planning Report raises "some concerns" regarding the applications, highlighting that "the Official Plan prioritizes built-form relationship with the public realm through emphasis on front entrances and windows. It directs parking to be hidden from the view of the public realm, so as to reduce the dominance of the automobile on the streetscape."
- [13] The Committee also notes that no compelling evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.
- [14] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [15] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [16] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [17] Moreover, the Committee finds that the requested variance is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [18] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variance to the Zoning By-law is authorized, **subject to** the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped May 29, 2025, as they relate to the requested variance.
