- [2] The Applicants seek the Committee's authorization for a minor variance from the Zoning By-law to permit a reduced lot width of 15.76 metres, whereas the By-law requires a minimum lot width of 20 metres.
- [3] The property is not the subject of any other current application under the *Planning Act*.

**PUBLIC HEARING**

**Oral Submissions Summary**

- [4] Christine McCuaig, agent for the Applicant, provided a slide presentation, a copy of which is on file with the Secretary-Treasurer and available from the Committee Coordinator upon request.

- [5] Ms. McCuaig advised that any tree removal from the property was done prior to this application and could not confirm if any permit or approval process was followed.
- [6] City Planner Luke Teeft stated he had no concerns with the requested variance.
- [7] The Committee also heard oral submissions from the following individuals:
  - J. Freeland, resident, highlighted concerns regarding the removal of a mature tree on the property line.
- [8] Following the public hearing, the Committee reserved its decision.

## **DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED**

### **Application Must Satisfy Statutory Four-Part Test**

- [9] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

### **Evidence**

- [10] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
  - Application and supporting documents, including cover letter, a copy of the previous decision (File No. D08-02-13/A-00317), plans, tree information report, photo of the posted sign, and a sign posting declaration.
  - City Planning Report received June 12, 2025, with no concerns.
  - Mississippi Valley Conservation Authority email dated June 13, 2025, with no objections.
  - Ontario Ministry of Transportation email dated June 6, 2025, with no comments.
  - K. and M. Rodney, residents, email dated June 9, 2025, in opposition.
  - J. Freeland, resident, email dated June 16, 2025, in opposition.

### Effect of Submissions on Decision

- [11] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [12] Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.
- [13] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [14] The Committee also notes that no compelling evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.
- [15] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [16] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [17] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [18] Moreover, the Committee finds that the requested variance is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [19] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variance to the Zoning By-law is authorized.
