- c) To permit an uncovered deck to project to within 0.0 metres of the southerly lot line, whereas the By-law states a deck projection may be located no closer than 1 metre from any lot line.

PUBLIC HEARING

Oral Submissions Summary

- [4] Erin Duncan, agent for the Applicant, and City Planner Dylan Geldart were present.
- [5] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

Application Must Satisfy Statutory Four-Part Test

[6] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variances are minor, are desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [7] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
 - Application and supporting documents, including cover letter, plans, tree information report, photo of the posted sign, and a sign posting declaration.
 - City Planning Report received June 12, 2025, with no concerns.
 - Rideau Valley Conservation Authority email dated June 13, 2025, with no objections.
 - Hydro Ottawa email dated June 6, 2025, with comments.

- Ontario Ministry of Transportation email received June 6, 2025, with no comments.

Effect of Submissions on Decision

- [8] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [9] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [10] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [11] The Committee also notes that no evidence was presented that the variances would result in any unacceptable adverse impact on neighbouring properties.
- [12] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [13] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [14] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [15] Moreover, the Committee finds that the requested variances, both individually and cumulatively, are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [16] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variances to the Zoning By-law are authorized, **subject to**:
- a) The proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped **May 16, 2025**.
 - b) The relief applying to the proposed elevated deck and being restricted to the life of this structure only.
