APPLICANT'S PROPOSAL AND PURPOSE OF THE APPLICATION

- [1] The Applicant wants to construct a 4-storey, low-rise apartment building containing 10 dwelling units, as shown on the plans filed with the Committee. The existing detached dwelling will be demolished.

REQUESTED VARIANCES

- [2] The Applicant seeks the Committee's authorization for the following minor variances from the Zoning By-law:
- a) To permit a reduced westerly interior side yard setback of 1.5 metres and a reduced easterly interior side yard setback of 3 metres, whereas the By-law requires a minimum interior side yard setback of 5.0 metres.
 - b) To permit a reduced resident parking space rate of 0.8 spaces per dwelling unit, for a total of 8 resident parking spaces, whereas the By-law requires a minimum of 1.2 resident parking spaces per dwelling unit, in this case 12 parking spaces.

- c) To permit an increased rear yard parking area of 78% of the rear yard, whereas the By-law states that no more than 70% of the rear yard area may be occupied by parking spaces.

- [3] The property is not the subject of any other current application under the *Planning Act*.

PUBLIC HEARING

Oral Submissions Summary

- [4] Rosaline Hill, agent for the Applicant, and City Planner Elizabeth King were present.
- [5] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

Application Must Satisfy Statutory Four-Part Test

- [6] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variances are minor, are desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [7] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Applications and supporting documents, including cover letter, revised plans, tree information report, photo of the posted sign, and a sign posting declaration.
 - City Planning Report received July 2, 2025, with no concerns.
 - Rideau Valley Conservation Authority email dated July 4, 2025, with no objections.
 - Hydro Ottawa email dated June 26, 2025, with comments.

- Ontario Ministry of Transportation email dated July 2, 2025, with no comments.

Effect of Submissions on Decision

- [8] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [9] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [10] The Committee notes that the City's Planning Report raises "no concerns" regarding the application, highlighting that "Staff have reviewed the updated plans submitted June 26, 2025, and are satisfied with the noted changes."
- [11] The Committee also notes that no evidence was presented that the variances would result in any unacceptable adverse impact on neighbouring properties.
- [12] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [13] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [14] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [15] Moreover, the Committee finds that the requested variances, both individually and cumulatively, are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [16] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variances to the Zoning By-law are authorized, **subject to** the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped July 2, 2025, as they relate to the requested variances.
