**APPLICANTS' PROPOSAL AND PURPOSE OF THE APPLICATION**

- [1] At its Hearing on September 3, 2024, the Committee refused minor variance application D08-02-24/A-00185, as two of the four statutory tests were not met. The Applicants' have since revised their proposal and have submitted a new minor variance application.
- [2] The Applicants' want to construct an addition to expand the existing single attached garage to create a two-car attached garage, as shown on plans filed with the Committee. The existing shed is to be demolished.

**REQUESTED VARIANCE**

- [3] The Applicants seek the Committee's authorization to permit a reduced total interior side yard setback of 3.02 metres, with the north side being 2.2 metres and the south side being 0.8 metres, whereas the By-law requires a minimum total side yard setback of 3.6 metres, with one yard no less than 1.2 metres.
- [4] The property is not the subject of any other current application under the *Planning Act*.

## **PUBLIC HEARING**

### **Oral Submissions Summary**

- [5] Brandon Lair, agent for the Applicant, and City Planner Elizabeth King were present.
- [6] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

## **DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED**

### **Application Must Satisfy Statutory Four-Part Test**

- [7] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

### **Evidence**

- [8] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
  - Applications and supporting documents, including cover letter, plans, tree information report, photo of the posted sign, and a sign posting declaration.
  - City Planning Report received July 17, 2025, with no concerns.
  - Housing Solutions and Investments Strategic Initiatives Department email received July 10, 2025, with comments.
  - Rideau Valley Conservation Authority email dated July 22, 2025, with no objections.
  - Hydro Ottawa email dated July 14, 2025, with comments.
  - Ontario Ministry of Transportation email dated July 9, 2025, with no comments.
  - Ottawa International Airport Authority email dated July 4, 2025, with no comments.
  - Neighbourhood petition with 17 signatures received July 21, 2025, in support.

### Effect of Submissions on Decision

- [9] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [10] Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.
- [11] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [12] The Committee also notes that no evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.
- [13] Considering the circumstances, the Committee finds that because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [14] The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [15] In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [16] Moreover, the Committee finds that the requested variance, is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [17] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variance to the Zoning By-law is authorized, **subject to** the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped June 10, 2025, as they relate to the requested variance.
