APPLICANTS' PROPOSAL AND PURPOSE OF THE APPLICATIONS

- [1] The Applicants want to subdivide their property into three parcels of land to create two new lots for future residential development.
- [2] On August 4, 2021, the Committee granted provisional consent applications (File Nos. D08-01-21 /8-00189, D08-01-21/8-00190) to subdivide the property into three lots. However, the conditions of provisional consent were not fulfilled within the statutory time period and the applications were deemed to be refused under the *Planning Act*.

CONSENT REQUIRED

- [3] The Applicant seeks the Committee's consent to sever land. The property is shown as Parts 1 and 2 on Registered Plan 4R-34297, and Part of Part 1 on 4R-31909, filed with the applications and the separate parcels will be as follows:

- [4] The property is not the subject of any other current application under the *Planning Act*.

Oral Submissions Summary

- [6] There were no objections to granting these unopposed applications as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATIONS GRANTED

Applications Must Satisfy Statutory Tests

- [7] Under the *Planning Act*, the Committee has the power to grant a consent if it is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. Also, the Committee must be satisfied that an application is consistent with the Provincial Policy Statement and has regard for matters of provincial interest under section 2 of the Act, as well as the following criteria set out in subsection 51(24):

Criteria

(24) In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility for persons with disabilities and welfare of the present and future inhabitants of the municipality and to,

- a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;

- b) whether the proposed subdivision is premature or in the public interest;
- c) whether the plan conforms to the official plan and adjacent plans of subdivision, if any;
- d) the suitability of the land for the purposes for which it is to be subdivided;
- d.1) if any affordable housing units are being proposed, the suitability of the proposed units for affordable housing;
- e) the number, width, location and proposed grades and elevations of highways, and the adequacy of them, and the highways linking the highways in the proposed subdivision with the established highway system in the vicinity and the adequacy of them;
- f) the dimensions and shapes of the proposed lots;
- g) the restrictions or proposed restrictions, if any, on the land proposed to be subdivided or the buildings and structures proposed to be erected on it and the restrictions, if any, on adjoining land;
- h) conservation of natural resources and flood control;
- i) the adequacy of utilities and municipal services;
- j) the adequacy of school sites;
- k) the area of land, if any, within the proposed subdivision that, exclusive of highways, is to be conveyed or dedicated for public purposes;
- l) the extent to which the plan's design optimizes the available supply, means of supplying, efficient use and conservation of energy; and
- m) the interrelationship between the design of the proposed plan of subdivision and site plan control matters relating to any development on the land, if the land is also located within a site plan control area designated under subsection 41 (2) of this Act or subsection 114 (2) of the City of Toronto Act, 2006. 1994, c. 23, s. 30; 2001, c. 32, s. 31 (2); 2006, c. 23, s. 22 (3, 4); 2016, c. 25, Sched. 4, s. 8 (2).

Effect of Submissions on Decision

- [9] The Committee considered all written and oral submissions relating to the applications in making its decision and granted the applications.
- [10] The Committee notes that the City's Planning Report raises "no concerns" regarding the applications subject to the requested conditions agreed to by the Applicants' agent.
- [11] Based on the evidence, the Committee is satisfied that the proposal is consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions.
- [12] The Committee is also satisfied that the proposal has adequate regard to matters of provincial interest, including the orderly development of safe and healthy communities; the appropriate location of growth and development; and the protection of public health and safety.
- [13] Additionally, the Committee is satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality.
- [14] Moreover, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.

- [15] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the applications are granted and the provisional consent is to be given, subject to the conditions set out in Appendix A to this decision.
