Application: Minor Variance under section 45 of the *Planning Act*
Applicant: P. McNairnay
Property Address: 405 Huron Avenue South
Ward: 15 - Kitchissippi
Legal Description: Lot 276, Plan 207509
Zoning: R1QQ
Zoning By-law: 2008-250

APPLICANT'S PROPOSAL AND PURPOSE OF THE APPLICATION

- [1] The Applicant wants to construct a two-storey addition at the rear of the existing two storey detached dwelling, as shown on plans filed with the Committee. The existing single storey addition will be demolished.

REQUESTED VARIANCES

- [2] The Applicant seeks the Committee's authorization for the following minor variances from the Zoning By-law:
- a) To permit a reduced (westerly) interior side yard setback of 0.43 metres, whereas the By-law requires a minimum interior side yard setback of 1.2 metres.
 - b) To permit a reduced (easterly) interior side yard setback of 1.08 metres, whereas the By-law requires a minimum interior side yard setback of 1.2 metres.

- [3] The property is not the subject of any other current application under the *Planning Act*.

PUBLIC HEARING

Oral Submissions Summary

- [4] Lane MacKenzie, agent for the Applicant, responded to the Committee's questions regarding the neighbours' concerns with the proposed addition, as outlined in a written submission on file. Mr. MacKenzie explained that he consulted the neighbours and committed to directing all runoff to existing downspouts and away from adjacent properties.
- [5] City Planner Penelope Horn was also present.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

Application Must Satisfy Statutory Four-Part Test

- [6] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variances are minor, are desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [7] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Application and supporting documents, including cover letter, plans, tree information report, photo of the posted sign, and a sign posting declaration.
 - City Planning Report received July 31, 2025, with no concerns.
 - Rideau Valley Conservation Authority email received August 1, 2025, with no objections.
 - Hydro Ottawa email received July 25, 2025, with comments.
 - Ontario Ministry of Transportation email received July 25, 2025, with no comments.

- E. Desjardins and S. Love, residents, email dated August 4, 2025, in opposition.

Effect of Submissions on Decision

- [8] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [9] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [10] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [11] The Committee also notes that no compelling evidence was presented that the variances would result in any unacceptable adverse impact on neighbouring properties.
- [12] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [13] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [14] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [15] Moreover, the Committee finds that the requested variances, both individually and cumulatively, are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [16] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variances to the Zoning By-law are authorized, **subject to** the location and size of the proposed construction being in accordance with the plans filed, Committee of Adjustment date stamped June 26, 2025, as they relate to the requested variances.
