

**DECISION  
MINOR VARIANCE**

**Date of Decision:** July 18, 2025  
**Panel:** 3 - Rural  
**File No.:** D08-01-25/A-00126  
**Application:** Minor Variance under section 45 of the *Planning Act*  
**Applicant:** J. Lemieux  
**Property Address:** 5950 Piperville Road  
**Ward:** 20 - Osgoode  
**Legal Description** Part of Lot 3, Concession 8 (Ottawa Front), Geographic Township of Gloucester  
**Zoning:** RR10  
**Zoning By-law:** 2008-250  
**Heard:** July 8, 2025, in person and by videoconference

**APPLICANT'S PROPOSAL AND PURPOSE OF THE APPLICATION**

- [1] The Applicant wants to regularize the existing undersized residential lot. The existing dwelling will remain as shown on plans filed with the Committee.
- [2] The Owner of the abutting property is proposing to convey a portion of land to the Applicant's property under application D08-01-25/B-00107, which will be heard concurrently with this application.
- [3] As a result of this conveyance the property will be increasing in size, however, it will still be considered undersized as per the requirements of the Zoning By-law.

**REQUESTED VARIANCES**

- [4] The Applicant seeks the Committee's authorization for the following minor variances from the Zoning By-law:
  - a) To permit a reduced lot width of 50.01 metres, whereas the By-law requires a minimum lot width of 75 metres.

- b) To permit a reduced lot area of 3,313 square metres, whereas the By-law requires a minimum lot area of 10,000 square metres.

[5] The property is not the subject of any other current application under the *Planning Act*.

## **PUBLIC HEARING**

### **Oral Submissions Summary**

- [6] Tyler Yakichuk, agent for the Applicant, confirmed that, despite the proposed lot line adjustment, the parcel would remain undersized. He also confirmed that no development is being proposed.
- [7] City Planner Luke Teeft stated he had no concerns with the application.
- [8] Following the public hearing, the Committee reserved its decision.

## **DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED**

### **Application Must Satisfy Statutory Four-Part Test**

- [9] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the Planning Act. It requires consideration of whether the variances are minor, are desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

### **Evidence**

- [10] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Application and supporting documents, including cover letter, plans, environmental impact study, photo of the posted sign, and a sign posting declaration.
  - City Planning Report received July 3, 2025, with no concerns.
  - South Nation Conservation Authority email received June 27, 2025, with no objections.
  - Hydro Ottawa email received June 26, 2025, with comments.

- Ontario Ministry of Transportation email received July 2, 2025, with no comments.

### **Effect of Submissions on Decision**

- [11] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [12] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [13] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [14] The Committee also notes that no evidence was presented that the variances would result in any unacceptable adverse impact on neighbouring properties.
- [15] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [16] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [17] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [18] Moreover, the Committee finds that the requested variances, both individually and cumulatively, are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [19] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variances to the Zoning By-law are authorized.
