Motion No.2025-61-10					

Direction to Staff

That staff be directed to engage in discussions with the applicant regarding the potential installation of permanent, visible signage at site entrances, building lobbies, leasing offices and other key locations to inform occupants of potential aircraft noise associated with proximity to airport flight paths. And that staff consult the Ottawa International Airport Authority to ensure clarity and consistency with established noise awareness practices, should the applicant be agreeable to signage.

THEREFORE BE IT RESOLVED that Housing Solutions and Investment staff be directed to limit, where possible, the addition of new permanent surface parking spaces at 930, 1010 and 1030 Somerset and seek to prioritize green space over parking. Where parking is required, parking spaces should be for short-term use, for such needs as but not limited to accessible loading and parking, Para Transpo pick-up and drop-off, City operations, and drop-off associated with the Recreation, Culture and Facilities Services facility, school or mixed-use buildings. Temporary parking areas during construction or phasing would not be restricted.
