EXECUTIVE SUMMARY

This report recommends amendments be made to the City of Ottawa Zoning By-law to fix errors and improve clarity of certain provisions.

Staff Recommendation

Planning staff recommend approval of the omnibus amendments to the City of Ottawa Zoning By-law 2008-250.

The amendments modify certain provisions and correct minor errors in the City of Ottawa Zoning By-law to align the by-law's intent and effect. These amendments have been combined in an Omnibus Zoning By-law report as a means of efficiently modifying the by-law.

Public Consultation

Public consultation was undertaken in accordance with the *Planning Act* and the Official Plan.

RÉSUMÉ

Le présent rapport recommande des modifications du Règlement de zonage de la Ville d'Ottawa en vue de corriger des erreurs et de clarifier certaines dispositions.

Recommandation du personnel

Le personnel des Services de planification recommande d'approuver les modifications générales du Règlement de zonage (n° 2008-250) de la Ville d'Ottawa.

Ces modifications visent à changer certaines dispositions et à corriger des erreurs mineures dans le *Règlement de zonage* de la Ville afin d'en clarifier le sens et l'objet. Ces modifications ont été réunies sous forme de rapport intitulé Modifications générales apportées au Règlement de zonage afin de modifier efficacement le Règlement.

Consultation publique

La consultation publique s'est déroulée conformément à la *Loi sur l'aménagement du territoire* et au Plan officiel.

BACKGROUND

This report addresses a variety of topics that will result in multiple amendments to the City of Ottawa Zoning By-law. These amendments include changes to general provisions and site-specific exceptions. The report will modify the intent of certain provisions and correct minor errors.

DISCUSSION

Items for review by both Planning and Housing Committee and Agricultural and Rural Affairs Committee are summarized in the table below. Zoning and location maps are included for reference in Document 1. Zoning details are included for reference in Document 2.

Amendments for review by Planning and Housing Committee and Agricultural and Rural Affairs Committee	
I Item	II Summary of Amendment
Development Reserve amendment to recognizing existing dwellings	There are a number of lots that are zoned DR-Development Reserve Zone where detached dwellings exist. An amendment is needed to recognize the existing dwellings. These dwellings are currently legal non-conforming uses and would require Committee of Adjustment permission for any sort of addition.
Development Reserve amendment to add accessory agriculture provisions.	An amendment is needed to allow accessory chickens on DR-Development Reserve lots that are of adequate size. This is consistent with the permissions for similarly sized lots in RR-Rural Residential Zones.
Utility Installation inclusion of private powerlines and relay stations.	An amendment is needed to clarify that private powerlines and relay stations, such as those that connect to non-public utility battery energy storage systems (BESS), are recognized as part of a Utility Installation. Public utility BESS are also recognized as a Utility Installation.

Items for review by Planning and Housing Committee are summarized in the table below. Zoning and location maps are included for reference in Document 1. Zoning details are included for reference in Document 2.

Amendments for review by Planning and Housing Committee	
I Item	II Summary of Amendment
214 Somerset Street East Ward 12	Clarification is needed with regard to the location of the garbage and recycling area associated with this lot. The zoning details inadvertently refer to an interior lot line, when they should refer to both the interior side lot line and rear lot line.
1810 St-Laurent Boulevard Ward 18	A parcel of land was rezoned in error. The lands will be zoned back to what they were prior to this error. By-law 2022-365, that implemented the recommendations of Report ACS2022-PIE-PS-0138 1802 and 1804 St-Laurent Boulevard, accidentally included a portion of 1810 St-Laurent Boulevard. The site-specific exception that applies to 1802 and 1804 St-Laurent Boulevard was not meant to apply to 1810 St-Laurent Boulevard.
225 McClellan Road Recognizing an existing Place of Worship Ward 9	An amendment is needed to add an exception to recognize an existing place of worship.
710 Mikinak Road rezone allow for a fieldhouse Ward 13	An amendment is needed to change the zoning of Eugene Martineau Park to an L1- Community Leisure Facility Zone to allow for a fieldhouse for community uses.
Table 164A Subzone E	A correction is needed for the R5E – Residential Fifth Density subzone to clarify where endnote five (5) applies. Endnote five (5) intends to establish the rear yard and interior side yard setbacks to both low-rise apartment

	dwelling and stacked dwelling but is not currently listed as an endnote for stacked dwellings.
Urban Exception 2406 Ward 18	Clarification is needed for a holding symbol. The provisions relating to the hold in exception 2406 was to apply to the overall redevelopment of the site, not to capture a change of use within an existing building. An amendment is needed to clarify that the hold does not apply to changes of permitted uses within an existing building.

Items for review by Agriculture and Rural Affairs Committee are summarized in the table below. Zoning and location maps are included in Document 1. Zoning details are included for reference in Document 2.

Amendments for review by Agriculture and Rural Affairs Committee	
I Item	II Summary of Amendment
3270 Moodie Drive Ward 21	The zone code applies a hold suffix to this property, however the provisions relating to the hold are missing. The amendment adds the applicable hold provisions to the existing exceptions.

Official Plan

The City of Ottawa Zoning By-law provides a means of implementing the land use policies in the Official Plan. The proposed City of Ottawa Zoning By-law amendments conform to the Official Plan, ensuring consistency between zoning provisions and land use policies in the Official Plan, and correct errors and omissions to ensure the effective implementation of the Official Plan through the City of Ottawa Zoning By-law.

Planning rationale

These amendments ensure effective and consistent application of the Zoning By-law.

Provincial Planning Statement

The proposed amendments are consistent with the Provincial Planning Statement 2024, promoting efficient development and land use patterns while undertaking a coordinated, integrated and comprehensive approach for planning matters within the municipality.

RURAL IMPLICATIONS

Rural implications are explained in Document 2.

Document 2 – Details of Recommended Zoning

Amendments are proposed with the general intention of the following:

Zoning details for review by Planning and Housing Committee and Agricultural and Rural Affairs Committee	
I Item	II Zoning details
Development Reserve amendment to recognizing existing dwellings	Amend Subsection 237(1) as follows: By adding the text, “or as it existed on the date of passing of this by-law” following the text, “one detached dwelling accessory to a permitted use”
Development Reserve amendment to add accessory agriculture provisions.	Amend Section 237 by adding a new subsection as follows: (x) Despite subsection 237(1), an agricultural use limited to the keeping of a maximum of 10 hens is permitted as an accessory use to a detached dwelling on a lot of 0.8 hectares or larger in area.
Utility Installation inclusion of private powerlines and relay stations.	Amend Section 54 by replacing the definition of Utility Installation with the following: Utility installation means the equipment used to make or deliver a utility product, commodity or service and includes the actual building, plant, works, utility line, tower, relay, pedestal, and may also include battery energy storage systems provided by a public utility. Utility Installations may also include a storm water management facility, transmission lines and switching stations serving energy generation or storage systems provided by an entity which is not a public utility but excludes antenna systems and renewable energy generation facility.
