APPLICANTS' PROPOSAL / PURPOSE OF THE APPLICATION

The Applicants wants to subdivide their property into two separate parcels and to establish an easement for servicing.

In its decision dated December 19, 2025, the Committee provisionally granted consent application D08-01-25/B-00244 to sever and create an easement over one new parcel. This application seeks to sever and create an easement over the other parcel.

CONSENT REQUIRED

The Applicants seek the Committee's consent to sever land and for a grant of easement. The property is shown as Parts 1 to 5 on a draft 4R-plan filed with the application and the separate parcels will be as follows:

The severed land, shown as Parts 1 and 5 on the draft 4R-Plan, will have frontage of 66.3 metres, a depth of 67.93 metres, and a lot area of 4,503 square metres. This parcel will be known municipally as 44 Iber Road and contains an existing industrial building.

The retained land, provisional consent to the severance of which has been granted (D08-01-25/B-00244), is shown as Parts 2 to 4 on said plan, will have frontage of 13.7 metres, an irregular depth, and a lot area of 8,998.7 square metres. This parcel will be known municipally as 46 Iber Road.

It is proposed to establish an easement over Part 5 in favour of Parts 2 to 4 for the installation and maintenance of a sanitary sewer.

The application indicates that the property is subject to an existing easement as set out in Instrument LT379077.

The property is not the subject of any other current application under the *Planning Act*.
