## **BACKGROUND**

Consistent with the Global Internal Audit Standards of the Institute of Internal Auditors, the Office of the Auditor General's (OAG) Audit Charter requires the Auditor General to "follow up on engagement findings and confirm the implementation of recommendations or action plans and communicate the results to the Audit Committee semi-annually".

In May 2021, City Council approved the "Office of the Auditor General – Audit Recommendation Implementation Update Process – Proposed Modifications" Report ([ACS2021-OAG-BVG-0002](#)) brought forward by the OAG. These changes require the OAG to provide a semi-annual report, to the Audit Committee and City Council, on the results of audit follow-up procedures performed on previously issued recommendations that have come due, and further highlight areas of significant risk that are still outstanding that warrant further attention by the City's administration.

## **DISCUSSION**

The OAG is providing a semi-annual report to the Audit Committee on the results of audit follow up procedures performed. We last reported to Audit Committee on the status of our follow-up procedures in September 2025. The report outlines the work performed by the OAG between the period of July 1 to December 31, 2025 and the progress management has made on outstanding recommendations.
