APPLICANTS' PROPOSAL AND PURPOSE OF THE APPLICATION

[1] The Applicants want to construct an addition within the existing footprint of the detached dwelling, as shown on plans filed with the Committee.

REQUESTED VARIANCES

[2] The Applicants request that the Committee authorize minor variances from the Zoning By-law:

- a) To permit an increased building height of 9.6 metres, whereas the By-law permits a maximum building height of 8.5 metres.
- b) To permit a reduced easterly interior side yard setback of 0.54 metres, whereas the By-law requires a minimum interior side yard setback of 1.2 metres.

- c) To permit an eaves to project 0.1 metres into the required yard and to be within 0.2 metres from a lot line, whereas the By-law permits eaves to project up to 1 metre but not be closer than 0.3 metres from a lot line.

The property is not the subject of any other current application under the *Planning Act*.

- [3] For the purposes of the transition and continuation provisions of Zoning By-law 2026-50, these applications were deemed to be complete on February 16, 2026.

PUBLIC HEARING

Oral Submissions Summary

- [4] Jordan Annable, agent for the Applicant, and City Planner Penelope Horn were present.
- [5] There were no objections to granting this unopposed application as part of the Panel's fast-track consent agenda.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

- [6] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Evidence

- [7] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Application and supporting documents, including cover letter, plans, photo of the posted sign, and a sign posting declaration.
 - City Planning Report received March 12, 2026, with no concerns.
 - Rideau Valley Conservation Authority email dated March 10, 2026, with no objections.
 - Hydro Ottawa email dated March 10, 2026, with comments.

Effect of Submissions on Decision

- [8] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [9] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [10] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [11] The Committee also notes that no evidence was presented that the variances would result in any unacceptable adverse impact on neighbouring properties.
- [12] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [13] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [14] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [15] Moreover, the Committee finds that the requested variances are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [16] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variances to the Zoning By-law are authorized, **subject to** the location and size of the proposed construction complying with the revised plans filed with the Committee of Adjustment on February 20, 2026, as they relate to the requested variances.
