

- [3] For the purposes of the transition and continuation provisions of Zoning By-law 2026-50, this application was deemed complete on March 17, 2026.

## **PUBLIC HEARING**

### **Oral Submissions Summary**

- [4] Syed Ahmed, agent for the Applicant, outlined the application and answered the Panel's questions.
- [5] City Planner Nick Burnie confirmed that he had no concerns with the application. He explained that the existing sheds had been taken into account in calculating the size of the backyard and that they complied with the zoning regulations.
- [6] The Committee also heard oral comments from the following individuals:
- W. Li and J. Wisintainer, two residents, expressed concerns with the number of sheds in the backyard, the fence and the obstruction of their view.
- [7] M. Barbeau, the Applicant, confirmed that there are two sheds in the rear yard.
- [8] Following the public hearing, the Committee reserved its decision.

## **DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED**

### **Application Must Satisfy Statutory Four-Part Test**

- [9] The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the Planning Act. It requires consideration of whether the variances are minor, are desirable for the appropriate development or use of the land, building or structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

### **Evidence**

- [10] Evidence considered by the Committee included all oral submissions made at the hearing, as highlighted above, and the following written submissions held on file with the Secretary-Treasurer and available from the Committee Coordinator upon request:
- Application and supporting documents, including cover letter, plans, tree information report, photo of the posted sign, and a sign posting declaration.
  - City Planning Report received April 2, 2026, with no concerns.

- Rideau Valley Conservation Authority email received March 31, 2026, with no objections.
- Hydro Ottawa email received April 2, 2026, with comments.

### **Effect of Submissions on Decision**

- [11] The Committee considered all written and oral submissions relating to the application in making its decision and granted the application.
- [12] Based on the evidence, the Committee is satisfied that the requested variances meet all four requirements under subsection 45(1) of the *Planning Act*.
- [13] The Committee notes that the City's Planning Report raises "no concerns" regarding the application.
- [14] As for the concerns raised by residents -- which relate primarily to the fence, the presence of sheds in the backyard and the obstruction of views -- the Committee notes that this application concerns only minor variances pertaining to the addition of a sunroom. Consequently, most of the concerns raised do not fall within the Committee's jurisdiction.
- [15] The Committee also notes that no compelling evidence was presented that the requested variances would result in any unacceptable adverse impact on neighbouring properties.
- [16] Considering the circumstances, the Committee finds that, because the proposal fits well in the area, the requested variances are, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands.
- [17] The Committee also finds that the requested variances maintain the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood.
- [18] In addition, the Committee finds that the requested variances maintain the general intent and purpose of the Zoning By-law because the proposal represents orderly development that is compatible with the surrounding area.
- [19] Moreover, the Committee finds that the requested variances are minor because they will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.
- [20] **THE COMMITTEE OF ADJUSTMENT ORDERS** that the application is granted and the variances to the Zoning By-law are authorized, **subject to** the location and size of the proposed construction complying with the plans filed with the Committee of Adjustment on February 2, 2026, as they relate to the requested variances.
