WHEREAS the intersection of Renfrew and Bronson has only one stop control on Renfrew Avenue, allowing the traffic along Bronson to flow freely; and

WHEREAS residents of Renfrew have witnessed collisions and many near-collisions at this intersection; and

WHEREAS the new building at 144 Renfrew at the corner of Renfrew and Bronson creates more challenging sightlines for turning; and

WHEREAS due to the pandemic, residents were not initially able to go door-to-door to collect signatures to approve a turn restriction, instead distributing flyers and asking people to voice their opposition or support via email; and

WHEREAS despite this challenging method of public consultation, 91% of respondents, representing 57% of residents on Renfrew, approve the turn prohibition;

THEREFORE, BE IT RESOLVED THAT the city implement a left turn prohibition from Renfrew Avenue westbound onto Bronson Avenue southbound between the times of 7:00 am to 10:00 am, and 3:00 pm to 7:00 pm, seven days a week.

Councillor S. Menard spoke to provide background and context for his Motion. The Committee then 'CARRIED' the Motion, as presented.
