Site location

2441 (2431) Diamondview Road

Owner

Kemp Farms Inc.

Applicant

Tracy Zander

Description of site and surroundings

The subject property is located on the southwestern side of Diamondview Road, south of the Diamondview Road and Thomas A. Dolan Parkway intersection. The subject lands are currently developed with a single-detached dwelling. The property is approximately 42 hectares with approximately 295 metres of frontage along Diamondview Road. The site is currently zoned Agricultural Zone (AG) and contains a single-detached dwelling. The surrounding parcels are of similar agricultural uses.

Summary of requested Zoning By-law amendment proposal

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment with respect to D08-01-21/B-00281. The intent is to prohibit residential uses on the retained lands.

Brief history of proposal

Committee of Adjustment Panel 3 heard consent for severance application D08-01-21/B-00281 on October 6, 2021. The application sought to sever an existing residential dwelling as a surplus dwelling lot due to farm consolidation. Staff did not express any concerns with the application. The Committee granted the application.

The current application has been submitted to fulfill a condition, imposed by the Committee on application D08-01-21/B-00281.

Once the severance is finalized, the retained vacant farmland will be known as 2431 Diamondview Road. The detached dwelling will retain the address of 2441 Diamondview Road.

DISCUSSION

Public consultation

Notification and public consultation were undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No concerns were identified.

Official Plan designation(s)

In this current period, between Council approval of the New Official Plan (OP) and the Minister's approval of the New OP, staff are to apply whichever provision, as between the existing and New OP, is more restrictive. The policies are similar between the two Official Plans with respect to agricultural policies.

Existing Official Plan

The property is designated as Agricultural Resource Area as per Schedule A of the existing Official Plan. The Agricultural Resource Area designation protects prime agricultural areas from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation under Section 3.7.3 (9). Section 3.7.3 (10) (b) requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (10)(c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3 (10) (b)] as conditioned by the Committee of Adjustment.

New Official Plan

The property is designated Agricultural Resource Area as per Schedule B9. The Agricultural Resource Area designation protects prime agricultural lands as identified through Land Evaluation and Area Review (LEAR). Section 9.1.3 of the new Official Plan “protect farmland from uses that would impede productive farming operations” prohibits lot creation unless the lot contains a habitable dwelling made surplus through farm consolidation. In such cases, as a condition of severance, the agricultural parcel is required to be zoned to prohibit residential uses. Surplus farm dwelling severances must fulfill other criteria which are assessed at the point of severance application.

Planning rationale

This Zoning By-law amendment will affect approximately 42.2 hectares of agricultural land, as shown in Document 1. This change is to rezone the retained parcel identified as 2431 Diamondview Road in Document 1, from Agricultural Zone, (AG) to Agricultural Zone, Subzone 5 (AG5) fulfills a condition relating to the approval of surplus farm dwelling severance application granted by the Committee of Adjustment on October 6, 2021. The intent of this zoning designation is to protect prime agricultural lands from being converted to other uses. This proposal is consistent with both the existing Official Plan and the new Official Plan.

Provincial Policy Statement

Staff have reviewed this proposal and have determined that it is consistent with the 2020 Provincial Policy Statement.

RURAL IMPLICATIONS

This Zoning By-law amendment will restrict new residential development and prevent the loss of agricultural land to other competing uses. This application protects the agricultural system and the rural landscape by supporting the continued productive use of agricultural lands.

COMMENTS BY THE WARD COUNCILLOR

Councillor Eli El-Chantiry is aware of this proposal.

LEGAL IMPLICATIONS

There are no legal implications associated with implementing the recommendations contained within this report.

RISK MANAGEMENT IMPLICATIONS

There are no risk management implications relating this application.

ASSET MANAGEMENT IMPLICATIONS

There are no asset management implications relating to this application.

FINANCIAL IMPLICATIONS

There are no direct financial implications.

ACCESSIBILITY IMPACTS

There are no accessibility impacts associated with this application.

ENVIRONMENTAL IMPLICATIONS

Approval of the recommended Zoning By-law amendment will prevent fragmentation of land within the City's Agricultural Resource Area. As such, the lands will be preserved for continued farming. Agricultural systems provide habitat for species of flora and fauna. Agricultural lands also contribute to environmental health through ecological service functions.
