

COMMITTEE OF ADJUSTMENT OF THE CITY OF OTTAWA

DECISION MINOR VARIANCE / PERMISSION (Section 45 of the *Planning Act*)

File No.:	D08-02-22/A-00173
Owner(s):	Dan Morris
Location:	5631 Van Vliet Road
Ward:	21-Rideau-Goulbourn
Legal Description:	Lot-11, Registered Plan 813
Zoning:	V1P
Zoning By-law:	2008-250

Notice was given and a Public Hearing was held on **July 20, 2022**, as required by the *Planning Act*.

PURPOSE OF THE APPLICATION:

The Owner wants to construct a new two-storey addition on the south side of the existing dwelling.

RELIEF REQUIRED:

The Owner requires the Authority of the Committee for Minor Variances from the Zoning By-law to permit a reduced corner side yard setback of 5.4 meters, whereas the By-law requires a minimum corner side yard setback of 6.0 meters.

PUBLIC HEARING:

The Panel Chair administered an oath to Arjan Soor, Agent for the Applicant, who confirmed that the statutory notice posting requirements were satisfied.

DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED

The Committee considered any written and oral submissions relating to the application in making its Decision.

The Committee has the power to authorize a minor variance from the provisions of the Zoning By-law if, in its opinion, the application meets all four requirements under subsection 45(1) of the *Planning Act*. It requires consideration of whether the variance is minor, is desirable for the appropriate development or use of the land, building or

structure, and whether the general intent and purpose of the Official Plan and the Zoning By-law are maintained.

Based on the evidence, the Committee is satisfied that the requested variance meets all four requirements under subsection 45(1) of the *Planning Act*.

The Committee notes that the City's planning report raises "no concerns" regarding the application. The evidence revealed that the reduction in the corner side yard "should not have any effect on the streetscape or the rural characteristic of the neighbourhood."

The Committee also notes that no evidence was presented that the variance would result in any unacceptable adverse impact on neighbouring properties.

Considering the circumstances, the Committee finds that because the proposal fits well in the area, the requested variance is, from a planning and public interest point of view, desirable for the appropriate development or use of the land, building or structure on the property, and relative to the neighbouring lands. The Committee also finds that the requested variance maintains the general intent and purpose of the Official Plan because the proposal respects the character of the neighbourhood. In addition, the Committee finds that the requested variance maintains the general intent and purpose of the Zoning By-law because, the proposal represents orderly development of the property that is compatible with the surrounding area. Moreover, the Committee finds that the requested is minor because it will not create any unacceptable adverse impact on abutting properties or the neighbourhood in general.

The Committee therefore authorizes the requested variance, **subject to** the location and size of the proposed construction being in accordance with the elevations filed, Committee of Adjustment date stamped June 14, 2022, as they relate to the requested variance.
