

Reconcili-ACTION

By: Jennica Nichols / AND implementation

Kind, competent, and culturally safe care.

Commitment to advance the health of Ottawa's Indigenous People.

Reimagining internal structures.

Rooted in principles. Capturing the spirit of reconciliation.

Do in relationship to be meaningful

Program plan on top of a pizza box.

Validated by Elders.

Change represented by flowers.

Living document.

Bees [and] cross -fertilization.

Updated for MMIWG calls to action.

Spirals. Connection with the living world.

Resonate with Indigenous Communities and public health reporting mechanisms.

Performance measures for each principle.

Evaluation beyond counting.

Measure quality over quantity.

Deep listening.

Commitment to learning.

Slow down when asked.

Speaking in circle.

Engagement. Early and as often as possible.

Reimagine.

Humble organization.
