Description of site and surroundings

This site is located on River Road within Ward 20, and approximately 34.89 hectares in size. To the southwest of the property, across River Road, is the Rideau River. The parcel is surrounded with similar agricultural operations, vacant vegetated land, and residential dwellings. The property currently has a detached dwelling and accessory structure which have frontage along River Road.

Summary of requested Zoning By-law amendment proposal

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment with respect to application D08-01-18/B-00418. The intent is to prohibit residential uses on the retained lands.

Brief history of proposal

The lands to which the proposed Zoning By-law amendment applies were the subject of an application for a surplus farm dwelling severance. The severance request was

granted by the Committee of Adjustment on January 25, 2019 with a condition that the owner rezone the retained farmland to prohibit residential development.

The site is currently zoned Agriculture, Subzone 2 (AG2). It is proposed to rezone approximately 33.65 hectares of farmland to AG5 to prohibit future residential use in accordance with a condition of severance. The remaining land area containing the detached dwelling and accessory structures (approximately 1.24 hectares) will remain zoned AG2.

DISCUSSION

Public consultation

Notification and public consultation was undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No concerns were identified.

Official Plan Designations

The property is designated Agricultural Resource Area as per Schedule A of the Official Plan. This designation protects prime agricultural areas from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation [Section 3.7.3.7]. Section 3.7.3.8.b requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (8c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3.8.b] as conditioned by the Committee of Adjustment.

Other applicable policies and guidelines

The subject site is not within the boundary of any applicable Secondary Plans or Community Design Plans.

Urban Design Review Panel

This application was not subject to review by the Urban Design Review Panel.

Staff had no concerns with the severance application and have determined that the proposed rezoning is consistent with the Official Plan. No new development is proposed.
