Rental Accommodations Study Recommendations report	This initial report will include findings and recommendations for future regulations.	Q4 2019	Emergency and Protective Services
Temporary All-Terrain Vehicles and Other Vehicles By-law	A permanent by-law is required as it is currently a temporary by-law.	Q4 2019	Planning, Infrastructure and Economic Development

2020

By-law	Background	Tentative Completion Date	Department
Parks and Facility By-law	The current bylaw requires updating, as it does not address the use of new and emerging technologies/activities within our parks and facilities as well as it inadequately covers the indoor facilities component.	Q1 2020	Recreation, Cultural and Facility Services
Rental Accommodation Second Report	To report on by-law amendments or new regulations resulting from the Rental Accommodations Study.	Q1 2020	Emergency and Protective Services
Special Events By-law Review	This review will consider administrative and regulatory changes to the permit regime for special events on private and municipal property.	Q2 2020	Emergency and Protective Services
Pawnbrokers Review	The recent announcement of the repeal of the Provincial <i>Pawnbrokers Act</i> requires a review of current municipal regulations in place for these businesses.	Q2 2020	Emergency and Protective Services
Municipal Trees and Natural Areas Protection By-law	This review will address recommendation 8 of the Urban Forest Management Plan report of 2017 that the by-law be reviewed.	Q2 2020	Public Works and Environmental Services
Urban Tree Conservation By-law	This review will address recommendation 8 of the Urban Forest Management Plan report of 2017 that the by-law be reviewed	Q2 2020	Public Works and Environmental Services
Road Activity By-law	A review of this by-law is due.	Q2 2020	Planning, Infrastructure and Economic Development
Encroachment By-law	The review of this Bylaw in conjunction with the revisions to Phase 02 of the Road Activity Bylaw has been initiated.	Q2 2020	Planning, Infrastructure and Economic Development
Clothing Donation Boxes By-law	Recent issues surrounding donation box safety in other municipalities and property standards require a review of the current by-law provisions.	Q3 2020	Emergency and Protective Services
Tow Trucks Regulations and PPEAs (NEW)	This review will consider whether municipal regulations for tow trucks are required to ensure public safety, consumer protection and other areas of municipal concern.	Q3 2020	Emergency and Protective Services
Permanent Signs on Private Property By-law	This by-law had been previously identified for review as part of their regular by-law review process.	Q4 2020	Planning, Infrastructure and Economic Development

By-law	Background	Tentative Completion Date	Department
Pool Enclosure By-law	This by-law had been previously identified for review as part of their regular by-law review process.	Q4 2020	Planning, Infrastructure and Economic Development
Vacant Building Review	A review of pertinent by-laws addressing vacant buildings is needed to determine whether improvements are required.	Q4 2020	Emergency and Protective Services
Site Alteration By-law	While the by-law is current, staff have identified the need to review this by-law every two years.	Q4 2020	Planning, Infrastructure and Economic Development

2021

By-law	Background	Tentative Completion Date	Department
Unaddressed Ad Mail By-law	A review is scheduled to determine whether updates are required.	Q1 2021	Emergency and Protective Services
Minor Amendments Reports	To address issues of an administrative or minor nature if required to the appropriate Standing Committee.	Q1 2021	All departments (as required)
Vape Stores Regulatory Review (NEW)	To determine whether a municipal regulatory regime is required for vaping stores (emerging issue).	Q2 2021	Emergency and Protective Services
Snow plow licensing (broadband alarms)	To address Council direction to explore the use of broadband alarms by snow plow operators/licensees.	Q3 2021	Emergency and Protective Services
Licensing By-law review starts	An overall review of this omnibus by-law is required to determine if updates, process improvements and other efficiencies may be achieved in the business licensing processes.	Q3 2021	Emergency and Protective Services
Emerging Issues report	To address emerging or unforeseen issues that might have arisen as well as any reviews that were unable to be completed in the initial two-year timeframe	Q3 2021	All departments
Signs on City Roads By-law	This by-law has not had comprehensive review in over 15 years.	Q3 2021	Planning, Infrastructure and Economic Development
Designated Spaces By-law	The City's current Street Food Vending Program has not been reviewed since it was introduced in 2012. Program participants and administrators have requested this review, and a recent decline in demand for designated spaces indicates that changes to the Designated Spaces By-law, Vending on City Highways By-law and Food Truck Licensing Schedule may be required to re-invigorate the program.	Q3 2021	Emergency and Protective Services
Building By-law	This bylaw had been previously identified for review as part of their regular by-law review process.	Q4 2021	Planning, Infrastructure and Economic Development
