MOTION NO. 68/9 That Council direct staff to prepare a report on the feasibility of a Pilot Project to offer such rear lanes for sale to abutting residential landowners for a nominal payment where the City has determined that there is no prospect for the lane to serve a public purpose and that the lanes in Overbrook, between Prince Albert Street and Queen Mary Street be the focus of this report.	22-Jan-14	P. Clark D. Holmes	22 January 2014 Meeting Minutes	CCS	In Progress - Staff will report back upon conclusion of the ongoing application process. A motion was approved by Council on November 23, 2016 to extend the expiry date for the pending Application for Lane Closing from December 31, 2016 to December 31, 2017.
MOTION NO.82/7: That City Staff investigate the amount of those lands not required for public road use and allocate any excess for purposes of parkland dedication in respect of the Claudette Cain Park.	8-Oct-14	S. Desroches	8 October 2014 Meeting Minutes	CSD/RCFS	In Progress - Hydro Ottawa has identified their land requirements and the Reference Plan has been deposited. The land that is to be incorporated into Claudette Cain Park requires a Record of Site Condition (RSC) because the use is changing to a more sensitive use. The park cannot be dedicated until the City has received an RSC. A regulatory compliant Phase I Environmental Site Assessment (ESA) has been completed and a Phase II ESA is underway. Staff will then make an application in early 2017 to the Ministry of the Environment and Climate Change for the RSC. Once the City receives the RSC, the park can be dedicated. It is anticipated that this will be completed in Q4 2017.

Staff are of the opinion that it is appropriate to determine as part of the 2019 update how much of the overall cost of future urban parks is growth-related. This meets the City's requirement that any increase in the need for new park services be attributable to the anticipated development located within the benefiting area and may lead to the establishment of an unallocated growth-related project component
MOTION NO.25/3: BE IT FURTHER RESOLVED that staff be directed to provide for a monitoring period of three years after the adoption of the Heritage Conservation District Plan, after which the Heritage Services Section would bring an information report to the Built Heritage Sub-committee on the initial implementation of the Plan.	10-Feb-16	T.
