### Description of site and surroundings

This site is located on William McEwen Drive within Ward 21. The property is approximately 7.87 hectares in size and is currently used as cropland. The parcel is surrounded by parcels with similar agricultural operations, residential use properties, and a car dealership along Prince of Wales Drive. The property currently has a detached dwelling and accessory structures which have frontage along William McEwen Drive.

### Summary of requested Zoning By-law amendment proposal

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment with respect to application D08-01-19/B-00122. The intent is to prohibit residential uses on the retained lands.

### **Brief history of proposal**

The lands to which the proposed Zoning By-law amendment applies were the subject of an application for a surplus farm dwelling severance. The severance request was granted by the Committee of Adjustment on May 15, 2019 with a condition that the owner rezone the retained farmland to prohibit residential development.

The site is currently zoned Agriculture, Subzone 3 (AG3). It is proposed to rezone approximately 7.34 hectares of farmland to prohibit future residential use in accordance with a condition of severance. The remaining land area of approximately 0.53 hectares will remain zoned AG3.

## **DISCUSSION**

### **Public consultation**

Notification and public consultation were undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No concerns were identified.

### **Official Plan Designations**

The property is designated Agricultural Resource Area as per Schedule A of the Official Plan. This designation protects prime agricultural areas from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation [Section 3.7.3.7]. Section 3.7.3.8.b requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (8c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3.8.b] as conditioned by the Committee of Adjustment.

### **Planning Rationale**

This Zoning By-law amendment will affect approximately 7.34 hectares of agricultural land, as shown in Document 1. This Zoning By-law amendment to rezone the remnant agricultural lands from AG3 to AG8 fulfills a condition relating to the approval of surplus farm dwelling severance application heard by the Committee of Adjustment. Staff had

no concerns with the severance application and have determined that the proposed rezoning is consistent with the Official Plan. No new development is proposed.

### **Provincial Policy Statement**

Staff have reviewed this proposal and have determined that it is consistent with the Provincial Policy Statement, 2014.

### **RURAL IMPLICATIONS**

This Zoning By-law amendment restricts new residential development and prevents the loss of agricultural land to other competing uses. This Zoning By-law amendment protects the rural landscape by supporting the continued productive use of agricultural lands.
