Report Recommendations

That Planning Committee recommend that Council remove reference to the properties listed in Document 1 from the Heritage Register.

The Built Heritage Sub-committee (BHSC) considered this report at its meeting on June 11, 2019. The Sub-committee passed a motion to substitute a revised report for the version that had been posted with the BHSC agenda, as staff had made revisions after it had been distributed and published to the City's website. (Note: the revised version was published with the Planning Committee agenda on June 17).

At Planning Committee, Councillor Gower, Chair of the BHSC, suggested that Council look at implementing a change in practice in its next Governance Review, to have this type of report rise directly from BHSC to Council, rather than requiring consideration by Planning Committee.

Planning Committee CARRIED the report recommendation as presented.
