

5. Zoning By-law Amendment – 4747 and 4755 Bank Street
Modification du Règlement de zonage – 4747 et 4755, rue Bank

COMMITTEE RECOMMENDATION

That Council approve an amendment to Zoning By-law 2008-250 for 4747 and 4755 Bank Street to permit the development of the lands for a residential subdivision and associated uses as detailed in Document 2.

RECOMMANDATION DU COMITÉ

Que le Conseil approuve une modification du Règlement de zonage 2008-250 visant les 4747 et 4755, rue Bank, afin d'y permettre l'aménagement d'un lotissement résidentiel et ses utilisations connexes, comme le précise le document 2.

FOR THE INFORMATION OF COUNCIL

Planning Committee also approved the following motion:

THEREFORE BE IT RESOLVED that report ACS2019-PIE-PS-0033 be amended to include the following comment from Councillor Meehan:

“Councillor Meehan would like some effort by Planning Staff and the developers to review the placement of any park and natural spaces within these three applications to protect some of the established trees and shrubs. Instead of clearing land and redeveloping a park space and planting new trees, Councillor Meehan would like to see some of the established trees to protected and incorporated into the natural and park spaces.”

POUR LA GOUVERNE DU CONSEIL

Le Comité de l'urbanisme a également approuvé la motion suivante:

PAR CONSÉQUENT, IL EST RÉSOLU QUE le rapport soit modifié par l'ajout du commentaire suivant de la conseillère Meehan :

« La conseillère Meehan souhaite que le personnel de la Planification et les promoteurs consacrent un certain effort à l'examen de l'emplacement

de tout espace naturel et de toute zone de parc dans ces trois demandes en vue de protéger certains des arbres et buissons matures. Plutôt que de dégager le terrain, d'y aménager une nouvelle zone de parc et d'y planter de nouveaux arbres, la conseillère Meehan souhaite que l'on protège certains des arbres qui s'y trouvent et les intègre dans les espaces naturels et dans les zones de parc ».

Site location

4747 and 4755 Bank Street

Owner

Claridge Homes (Bank Street) Inc.

Applicant

Jim Burghout

Description of site and surroundings

The site is located on the east side of Bank Street in the Leitrim Community, south of Analdea Drive. The 7.74 ha site with 92m frontage along Bank Street is currently undeveloped. This site forms part of the Lilythorne Subdivision.

The site is northwest of the Findlay Creek Stormwater Management Facility Pond 1. On the west side of Bank Street is the established residential and commercial development of Findlay Creek and the lands to the east are rural. To the north are established and developing residential uses. A future residential development, Cowan's Grove, is located further south.

Draft subdivision approval was issued on January 15, 2019. The proposed subdivision provides for approximately 48 detached dwellings, 14 semi-detached dwellings, 56 townhomes, 30 back to back townhomes, one block for mixed use development and one partial park block. Eight new public streets will be created.

Summary of requested Zoning By-law amendment proposal

The proposal is to amend the zoning for the majority of the site from RU (Rural Countryside) Zone to R4Z Residential Fourth Density, Subzone Z. This zone permits a mix of dwelling types and densities with different development standards, as identified in the Z subzone, and promotes efficient land use and compact form. The park block is proposed to be zoned O1 (Parks and Open Space). The blocks adjacent to Bank Street are to be zoned from RU and RC2 to GM (General Mixed Use).

DISCUSSION

Public consultation

Public consultation was conducted in accordance with the procedure for Zoning By-law amendment applications. Owners within 120 metres of the subject site were notified through a direct mailing and a sign was posted on the site. The statutory public meeting for the concurrent Plan of Subdivision application was held on April 25, 2018 with approximately 17 members of the public in attendance.

A summary of the public comments is included in Document 3.

Official Plan designations

The Official Plan designates the property as Developing Community (Expansion Area) to contribute to the provision of sufficient urban land to support the residential demands of the projected population to 2031. Pursuant to Section 3.12 of the Official Plan, development may proceed once the requirements of the section are satisfied and the draft Plan of Subdivision is approved. The General Urban Area designation permits a full range and choice of housing types to meet the needs of all ages, incomes and life circumstances.

The draft plan provides a mix of units to provide a range of housing options. With the adoption of Official Plan Amendment (OPA) No. 221, the minimum percentage of single detached dwelling is reduced from 45 to 30 per cent; the other requirements remain unchanged at a maximum of 55 per cent single detached dwellings, at least 10 per cent apartment and the remainder multiples other than apartments. Where there is an agreement among the developers, subject to the OPA, the unit mix applies to the combined properties (subject site along with 4789, 4791 and 4840 Bank Street), rather than each individual subdivision.

Other applicable policies and guidelines

Although not located within the limits of the Leitrim Community Design Plan (CDP), the general principles of the Plan were considered with the proposal. This includes locating the mixed use block adjacent to Bank Street and integrating the lands to the north and south through the road/sidewalk network and with the existing Leitrim community in general.

The draft Plan of Subdivision made efforts to implement Building Better and Smarter Suburbs (BBSS) policy directions including draft conditions that driveways be paired and townhomes are created in even number blocks as much as possible in order to increase the potential for street trees and on street parking.

Planning rationale

The Zoning By-law is consistent with the intent of the Official Plan. The majority of the lands are proposed to be rezoned from Rural Countryside Zone (RU) and Rural Commercial, Subzone 2 (RC2) to Residential, Fourth Density Subzone Z, Zone (R4Z). This zone was created to allow for smaller lot subdivisions, generally located in newer suburban areas. The General Mixed Use (GM) Zone will allow residential, commercial and institutional uses or mixed-use development to be established adjacent to Bank Street to serve the community. This reflects the intent of the Leitrim Community CDP which shows mixed use development on the west side of Bank Street.

The park site is proposed to be zoned Parks and Open Space (O1) and is to be conveyed to the City at time of subdivision registration for that portion of the subdivision.

The draft subdivision process included the review of sidewalk locations, transportation study and servicing report. A landscaping plan, traffic calming plan and detailed engineering will be approved prior to registration.

The mixed use block is subject to site plan approval at which time a detailed review of the site design, including landscaping, access, and servicing will be conducted. The unit type and density will be tracked to ensure compliance of the Official Plan as approvals are sought by the developers.

Document 3 – Consultation Details

Notification and Consultation Process

Notification and public consultation was undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. The Zoning By-law amendment application was submitted concurrently with the Plan of Subdivision application. The statutory public meeting was held for the Plan of Subdivision on April 25, 2018 and comments were submitted for both applications.

| Public Comment | Staff/Developer Response |
|---|---|
| The capacity of Bank Street to accommodate the additional vehicles. | In response, improvements to a number of intersections along Bank Street will be made either at the cost of the developer or through development charges. As well, Bank Street will be widened to two lanes in each direction between Leitrim Road and Findlay Creek Drive by 2026. The widening of Bank Street from Findlay Creek Drive to just south of Blais Road is anticipated to occur post 2031. |
| Concern of compatibility of existing single detached dwellings with the proposed development. | <ul style="list-style-type: none">• Applicant has modified the draft plan to propose single detached dwellings backing onto existing single detached dwellings• A draft condition requires the developer to discuss with existing residents landscaping/fencing where none currently exists. |
